The devil story of the brave Isagi
Teren Mikami, Masaki Arakawa,
Shoji Masuda

イサギ
Isagi Asaura
【中二病】

Yuusha Isagi no Maou Hanashi

2-1 The Clear Way to Protect the Demon Race

Three weeks have already passed since they were summoned into this world.

As for what happened with the three Demon Lord candidates which were given the forbidden magic.

Let's now start from that first.

『Seal technique』is divided into 3 processes.

1 : The summoning magic formation summons only the magic power of the Divine race which disappeared in the other world.

2 : The sealing magic formation fixes the magic power into the body.

3 The absorption magic formation fuses the magic power which is already fixed into the body.

This is the true identity of the sealing technique.

Every three of these steps have a risk of death. It is a very dangerous sorcery.

Though that's the reason it's called the forbidden technique.

Firstly regarding the first step, the magic power that's goes rampant will scatter in the surrounding. Together with the priest, the candidate also has a possibility of death.

After that for the second step, the total amount of magical power that exceeds the seal far away will break the candidate's soul.

And then even when one's already reached the third step, as expected without fusing the magic power, there's a case where the technique user would wither

away.

Even among the thousands of excellent test subjects, there was no one who was able to clear all of it.

In other word, the probability of success is not more that 0.01%.

Of course, if tried randomly then it is possible for someone to end up being successful, but it's not like that.

Someone with an absolutely strong mind and body, and is among the hundreds of which who holds special qualities, are the ones who are able to attempt it. In other word, substantially the success rate is almost zero.

That's why Shirbenia thought about this.

Isn't it fine to just summon "A person that will absolutely be able to succeed the seal technique" with a magic formation.

As for what happen about that plan.

That was a success.

Without even produce any casualties, the ritual is complete.

Over here the three Demon Lord candidates who have been subjected with forbidden techniques were born.

[Today too Isa-kun is inspection?]

[Well yeah]

Beside Isagi who was reading a book while laying down.

Shuu who was drenched with sweat come over to Isagi.

[It's quite fun you know, the sword practice too] – Shuu

[It's really other world-ish right~] – Isa

[That's of course, this is the other word after all] – Shuu

Saying that, Shuu was laughing.

On those guys body, various tattoos were engraved on them.

Abdomen, back , both hands and both legs.

That all was the magic squares.

Summon ▪ Seal ▪ Fuse it was those 3 magic square.

Even though you are such an Ikemen it is a waste , or that's what Isagi

thought.

Though in Shuu's case, this is somehow matched him. ^[1]

Not only them but Isagi too, had a difference in his outer appearance.
It's a eyepatch which was equipped on his left eye.

Though at first Isagi also got [What happen?] which caused Shuu to worry.
Isagi continued to answer [It's a thing like charm you know].

Though actually there's no problem even if he was without it but, if by some chance his "eye" is functioning then he will be troubled.
And for that, Isagi asked for Rimino to made a black eyepatch for him.
For most of the people, it must be hard to get the perspective right with just one eye.

However, Isagi even for a moment is a man who held a title of the brave. There's completely no hindrance for him.

Right ahead of Shuu's and Isagi's line of sight, there's Eyeglasses and Yankee.
Those two held wooden swords, and were assaulting Ira.
Two body with one. However they were at a disadvantage.

[However, didn't you guys improved a lot]-Isa
[Ah, so it's really looks like that?]-Shuu
[Ira last week, she was able to handle it while mixing it with a yawn after all.]
[Hahaha. It's because I moved my body after all, I understand that even myself is rapidly getting stronger.
Even I know in the soccer and such, that learnign by rote is the crux.
But to grasp the trick this easily, it make me fell as if myself is becoming a genius you know]-Shuu

[It is such a thing]
[Aah , even though if I return to the present day with this body, surely I will be able to go to national]
[Hiding the tatoo will be a bother though]
[Ahaha, that's certainly true eh]

Shuu looks somewhere delightful.

Three of them was wearing training – like clothes.
While Isagi was wearing casual wear of this world.

The Demon Lord candidates received full-fledged combat training .
In the morning it was a lot of swordplay.
Interposed by lunch and there's magical ritualclass in the afternoon.
That was their schedule for one-day.
Among those thing, Isagi only participated in the magical ritual class only.
Even by now thye servants in the castle does not even call Isagi as a Demon Lord candidate anymore.

Even inside the caste the only ones who kept in touch with him was Dyutyu and Rimino only.
Thought it can be said that Shirbenia's attitude also did not change at all, but she always had that same kind of attitude even towards the Demon Emperor's daughter. Thus she was an exception.

[Then, that is, what kind of book?]
[Hm? This is something like a tale from this world]
[It's awesome eh, so you are able to read it]
[You can read it you know, look]

Isagi opened the book and showed it to Shuu.
Thereupon Shuu became surprised and his eyes became round.

[It's true. Even though I don't know what is written on it, I can understand what's written on it eh]
[Though I don't understand what Shuu is saying]

Both of them laughed.

Every knowledge about language from this world, for some reason was crammed inside their head.
That's one of the functions of summoning technique.
There are other thing like gravity, constitution of the atmosphere, adaptation to the water composition and so forth.

In the first place, they started with the condition that every fundamental issue when living was already resolved.

The immunity against the virus that only exist in this world and so on is also applied.

They didn't just get summoned, the after-care was also perfect.

Everything of that was included in the summoning technique. This is similar to when someone fires a fire sorcery from their palm, even so themselves will not be burned.

The so called, (複合作用) composite effect. ^[2]

Let's leave that alone.

[What kind of story it is?]

[It's a story from the Hero age you know."Ore TUEEE" like thing about the Hero Mashu and his lover Luna was traveling all around the place while consistently giving judgment to the villains]^[3]

[Mashu? Somewhat it is similar to me eh, the name]

[aah, certainly]

Hiyama Shuu . In short Mashu. (hiyaMA SHUu)

[Should I call you Mashu from now on?]

[Please stop it]

Shuu who waved his hand while laughing.

However, one cannot make light of the story in this world. After all it contains the things that's actually happened.

It's something similar to Trojan Horse. ^[4]

If one's tried to actually asked that place, there's also a possibility to obtain the divine article which the hero used.

Though in Mashuu's case, it seems he can't expect too much.

At the time when his lover Luna died, he continued to endlessly grieve about it for the rest of the 40 pages

Even if this is the truth, for a reading material it is somewhat.

Come to think of it though he didn't add it inside the list of the things of which he must do.

The St.treasured sword Claiomh Solais which Isagi used 20 years ago.

He must search for it.

At any rate, how to master it is really give him some hardships.

Though by any chance, maybe there's already someone who already become it's successor.

[Yoshi, return ! Next, it's Shuu-sama! Come!]

Ira's command soared.

In the end, both Yankee and Eyeglasses appeared to end up sprawled on the ground.

With this it can be said that it was the hundreds consecutive defeats.

Shuu stood up while rotating his hand.

[Otto, then I'm going kay]

[Ou, go for it]

As Isagi raised his one hand, Shuu striked it with his palm.

High five with dry sound.

Shou waved his hand, to go towards Ira with light step.

The one who came in return was Yankee and Eyeglasss.

Either of them were in a state where they had shaky steps.

[Good work good work]

[....]

He greeted them.

And thus as usual, Yankee ended up going away.

As usual, he's a man who didn't let his guard down to anyone.

On the other hand.

[I'm tired y'know~, Isaku~n]

[Iya iya, but it's a great thing right, Yoshinobu]

Onodera Yoshinobu.

That was the Eyeglasses's name.

[But how to say it, umm when you exchange blows with that person, it's a poison for the eyes right~]

[Aah, well, it's shake after all]

[Yes yes, you understand too right. That it is really being being you know. That thing is another weapon you know. Weapon]

Said something like that, Yoshinobu laughed Uhihi.

Yep, vulgar.

He is the vulgar type.

Except for Eyeglasses's medium build, for he who almost does not have any special traits on his appearance.

When he laughed, in one go that vulgarness become distinct.

How to say it. It's a sticky smile.

Though of course, Ira with her casual clothing is also one at fault.

[..... Then next !]

As that Ira look toward this direction, she immediately averted her gaze.

It seems that Isagi ended up being hated by her.

(Well can't be helped right)

In these three weeks, he kept on continuing to refuse her request of the seal technique.

If seen from Ira's side, Isagi will not fulfill his duty, or maybe it something like that.

Though he thought that if he was careless, they might do the seal technique ritual after they make him faint.

However, if they really do that then at the time Isagi opened his eyes then the

one who would become his enemy would be those girls.

It's not a good plan.

And because of that, they somehow decided that Isagi is beyond their control. He becomes, an other worlder without any occupation that only wanders around the Demon Lord castle.

But then, even when they summoned over four person then at least one "miss" is mixed in it can't be helped.

Maybe they felt such a thing.

Though he is by no mean only fooling around.....

But, if it was seen like that then it's not weird, or that is what he thought.

The Angelica Ira, usually seems to stowed her wings on her back.

Tied up the blonde hair to the back into a ponytail.

On her upper half only wear a one sheet of a shirt.

As she continued the hard exercise, the lace bra which becomes clearly visible because of sweat.

[..... It's outrageous right] -Yoshinobu

[..... Aah, it seems so] – Isa

What Yoshinobu said is also plausible.

[The amount of the cute girls in this Demon lord castle is too much or so I thought right, senpai]

[Who is your senpai huh who]

[... Even though you got yourself called as 『Onii-chan 』by the maid chan]

[No that is]

Thought he added chan to her name, Rimino has the age about the age of Yoshinobu's mother.

However it's not like he has to tell him, so he just decided to keep silent about it.

As he was trying to open his mouth to defend himself.

However.

[..... that is , ummm, the other side is as they please]

As he declared the truth like that, then.

[Aaah *Moo* ! This is why popular people is ! *It must be nice* it must be nice !
Senpai it must be nice !]

He became jealous with all of his might.

In addition he went flapping around his hands and legs too.

What is with this man.

[I said that it not like I was something like that you know]

[Even though I think if I got stronger then I will quickly become popular, but nobody come to me and said『Embrace me』you know!

Didn't she say I will become rich, become popular and my height will increase right! Ira-san is a liar you know!?)

[..... I wonder if she really said something convenient like that]

He tilted his head.

At least for the three years, when Isagi who went on a journey as the brave, didn't have any partners to have this kind of stupid talk together.

Selder is a serious person after all, and also Balzado is an adult.

That why if he said it honestly.

This is quite fun.

Fwap Yoshinoby raised.

Pointed his serious eyes over this direction.

[Senpai, may I call you as Master !]

[No way]

[Specter Eye senpai!]

[Please stop that]

In these three weeks, Isagi got thoroughly teased about his eyepatch.

For several times he really thought about hitting Eyeglasses.

[Sry! but in exchange, please tell me the secret of becoming a popular man!]

[I think it's better if you ask Shuu though]

[Since my face is already has a different deviation value with that person!

Thus maybe I can use the advice from a person like senpai as a reference or so I

thought~]

[You]

Isagi scowled with half-opened eyes.
And thus that boy reveal a dry laugh.

Good grief.

He had a thought about what will happen at the time he(TL : eyeglasses) feel down and kept on saying that he wanted to return.

It's a good thing that he surprisingly became cheerful.

Even so.

When he had to associate with a girl or Yankee.

『 U, A, E 』, he can't seems to mutter any word.

Nevertheless it's a good thing that he opened his heart to this way.

Though it seems that his livelihood without being able to watch anime or manga is painful.

[Haaah. To think that I will think that 3D is good too eh] – Yoshinobu.

Making a lewd look, He's flooded in self-satisfaction as he gazed at Ira.
Yep.

Anything is ok eh, this guy.

That's what he thought.

On the other way.

[HAa!]

Shuu striked Ira's wrist with a wooden sword.

To the Ira who grimace, Shuu continued his pursuit.

At last in this day, it seems that Shuu is able to get one win against Ira.

It seems that Shuu is talented for sword, and was showing it's result.

Three weeks.

Even though naturally they will still learn about the basis, it's at the stage where they build their body.

In reality, It's hard to say that Shuu is still learning about the ways of swinging the sword.

As how to express it, this.

It's just like that of a lion and cat are not equal since the time of their births. The three Demon Lord candidates which possessed forbidden technique, are already not able to be placed in the common sense category. Even Yoshinobu who is still saying something and is idle beside Isagi is too.

The aggregate amount of magical power didn't simply only affect the power of black magic and white magic.

The more magical power someone has, the more they can reinforce their own body.

Fumikomi. Furioroshi. Keriashi. Chakuchi. Ukemi. [\[5\]](#)

The magical power affected every possible action.

However, for the magical power to just exist over there then it wouldn't have any meaning at all.

For driving the way to use it into the body, one must learn about it.

The afterglow of the magical power which leaked from the strengthened soul. That thing is the 『Fighting spirit』for sure.

From what Isagi saw, Ira's swordsmanship is at master level.

The one she taught to them is the continent's official swordsmanship.

It is said that it was brought by an otherworlder knight in medieval time, slice, stab,swipe, it's a swordsmanship with a very well-ordered balance.

It's also superb for receiving attack. It seems to be the swordsmanship that spread widely the most in this world.

As with the Demon Lord candidate, it's the most suitable way to go to learn the basics.

The fusion of every main secret of swordsmanship in this world, that why it's the continent's official swordsmanship.

Everyone who already became an expert, are able to add an arrangement to their own.

Ira had a lot of swinging the sword downward style.

It must be because she's an angelica, and thus for her fighting while flying is her main.

Though she is now equally altering between attacking and defending.

Originally she must be leaning over the attacking style.

It's actually perhaps something that is close to a weird sword style.

Isagi style is also a special one.

By the person who he apprenticed himself, he didn't get taught with the continent formal swordsmanship.

Although now he was able to cope with most opponents.

At that time he was relatively bearing a grudge.

Leaving that aside.

[Senpai~..... I also want a brave little sister maid that will take care of me you know, what should I do to achieve that]

Yoshinobu who was emitting some kind of an eerie aura while approaching him.

[.....For now, how about you try to become able to get one win from Ira]

Isagi irresponsibly said such a thing.

Supposedly a hard working man is cool.

Maybe.

Surely.

[Though, I wanted to quickly have a partner to practice my night swordsmanship]

[.....]

Perhaps it's impossible.

Isagi : Neet also Tripper, Neetripper.

Hayama Shuu : Ikemen. Already in relationship of a person who exchange high fives with Isagi.

Onodera Yoshinobu : Eyeglasses . Vulgar.

Yankee : Still, didn't let his guard down around anyone.

Ira : Poison for eye (TL : Temptating) .Boing Boing.

[1] (TL : well that's ikemen for ya, everything is good for them DIE!!!)

[2] (TL : if someone have better name or know the name of the theory -if it's really exist tho –)

[3] (Ore TUEEE : Is an actual genre for WN at syosetsu, for novel version (it's also slang for Gamer mean "I'm awesooome") when the power and the ability of the main character is transcendence.I think it's slang from saying " ORe Tsuyooooi!!! ")

[4] (TL : Trojan Horse start from a tale and then they found the actual thing, that's also the reason people believe that atlantis is exist)

[5] (TL : judo term I think?)

Yuusha Isagi no Maou Hanashi

TL : I think to change the [Technique] to [Skill] so it's sound better ... should I just leave it as [Technique] or change it to [Skill] ?

2-2 Demon Lords Training : Swordsmanship Part.

Inside Isagi's room.

Rimino talked with him in a small voice.

[Ne~Ne~, Onii-chan]

[N~]

[Onii-chan, won't you go out again?]

[Go out?]

[Umm, I said it right.

Umm.... searching for Plea Onee-chan.... or such]

[Aah]

Hsss~, she pressed her finger on her lips.

Isagi's hand which was moving the quill stopped.

[There are things that I get a little cornered, you know.]

Isagi thought that the『Seal technique』is a thing that at the time it is engraved into the user and then the user will become stronger.

However, actually it's something like an extreme doping for the sake of increasing the aggregate amount of their magical power.

Until they are able to raise their strength to a certain extent, they must have to do a strict combat training.

Until then, it would be troublesome if the adventurers come.

Isagi doesn't know how much strength『Adventurers』had.

Though, so far they probably got repealed by Ira and Shirbenia.

At least, he wanted to go on a journey because he wanted to ascertain those power.

If it's not like that, then it would be irresponsible.

Protecting the demon race, or he wouldn't be able to achieve that entry.

All these three weeks Isagi's activity is actually simple.

As he found free time, he would go to give maintenance to the Demon Lord's castle.

Mending the collapsed tunnel. Reinforced the walls and ramparts.

If there's a place which is insufficient, then he will cover the whole place completely. These are important jobs.

Consultation to Shirbenia if there's a barrier magic formation that seems to still be able to be used, and restore its function

Though maybe all of it is not something that Isagi should do, but there's no other hands to do it.

If at least if he is able to make the Demon Lord castle as strong as 20 years ago.

Though it's not to the extent that it's impregnable, but it is suppose to gave Isagi some peace of mind.

And thus, at this place recently, it was Isagi who was devotedly doing the only public works.

For his body that was only wielding a sword and killing for three years, this was fresh and enjoyable.

Though Yoshinobu who saw Isagi who was earnestly strengthening the Demon Lord's castle without doing combat training said [So this is domestic affairs type of main character eh.....]or something like that. Isagi didn't quite understand.

[A~h, even thought it's good if Onii-chan is always here so we can be together]
– Rimino .

From his back, Rimino was leaning forward.

Gyuu*gyuu* Went the thing that was being pressed. It was her breasts sensation.

Though it's not to the extent of Dyutyu, but Rimino size is also abundant. [1]
Sometimes there's a hard thing that touched Isagi's back, and at the time when the bump is rubbed, her body will jolt and tremble. [2]
Though he doesn't know what in the world is happening.
He really can't concentrate.

That girl for sure is just messing around with Isagi.
That's must be it. Certainly that must be it.

[..... You know, Rimino]

[Ehe~]

Every time she got her name called, that girl really looked like she became delighted.
That's very lovely though.

[Hey~ Hey~, Onii-chan, Rimino just thinking something good you know] –
Rimino

[Hee~]

[You know, Rimino in future-ish will become the Elf queen, and then she must revive the Mistrondo kingdom right?]-Rimino

[That is true]-Isa

[It's also for that time sake, Rimino thinks that she must make a strong soldier from now on]-Rimino

[Soldier, eh]-Isa

It was a way of speaking that somehow is not realistic.
Rimino surround Isagi's neck from his back and embraced him.

[That's why Onii-chan, won't you try a little bit of child making with Rimino?][3]
[Wait]

Wait.
The ink scattered on the top of the paper.
It was because he unintentionally smash the quill pen.

[No, you know, Rimino?]

[Though because of her low fertility rate, you have to do it many and many times over before she can properly pregnant.

But if it's a kid from Onii-chan then it will surely become a really strong half-elf kid you know.

Okay?]-Rimino^[4]

[No, umm....]

[Hmm?]

smile Rimino who's smiling.

She is just fulfilling her duty as the Elf queen..... Perhaps that is so.

[Don't worry, Don't worry. It wouldn't bother Onii-chan okay.

Rimino will somehow show that she can do it alone after all. Leave it to me] –
Rimino.

Is this perhaps the thing that is called as the other worlder that is summoned to become a breeding horse.

Even so, he wanted her to stop whispering something like that with a healthy-ish smile.

He really wanted her to stop.

[No, you know, there's no way that is possible right.....]

[? Why ? Rimino will be alright even alone you know?]

[.....]

She is begging for it so they can make a kid, and then cast away Rimino and depart from Demon Lord castle?

There's no way he can do it.

This is Rimino-kind of propose.

Though what she said is extreme, but honestly that's brave.

She didn't wanted to cause Isagi to worry about her.

That's why she replace it with a compulsory word such as "Child making".

She didn't say a word such as I like you, or I love you.

She understood that the word of this world is already meaningless.

That's why, she requested it with her body.

As if she knew that they cannot be tied together except that way.

That's no good.
Isagi wasn't able to answer those feeling.
He also wasn't able to reject it directly face to face.

Rimino asked with the same tone as always.

[Ne~, Why it's no good? Why?] – Rimino
[... I never heard of such of a thing, such as a Human and an Elf royalty copulating]
[That's probably so, but since we are now in a state of emergency then it can't be helped right?
Even though, Rimino thinks that she will be able to make Onii-chan satisfied]
[..... You understand it right. Such a thing is a no]

Until he is able to meet with Plea, that's it.
If he made a kid, then it will become more hard for Isagi to separate from this castle.
Perhaps, that is what Rimino is really aiming about.
But even so, he cannot blame her.

[Rimino is able to meet with Onii-chan again makes Rimino really happy,
.... but, actually she feels a bit scared.
That Onii-chan will be gone once again, right.
That's why, she wanted to have a relief.
A baby with Onii-chan, want to have it na~.
..... This is for Rimino's sake Onii-chan, even so it's no good?]-Rimino.

Her wholehearted love, had vanilla-like scent which sweetly and gently wrapped around Isagi.
However, Isagi shook it off

[.....No way]

Though until this far he also had considerable hesitation.

[Onii-cha~~n]

But even so Rimino was still fawning over Isagi.

[illegible]

As expected Yoshinobu was unable to put up with it anymore. Yoshinobu showed his face from under the blanket and shouted. Good job, Yoshinobu.

Though there's also a suggestion from Dyutyu for him to get a one person room.

Isagi humbly refused about it.

If he moved to a one person room, then Rimino will surely come and crawl into his bed every night.

There's also a possibility that Dyutyu will come too.

If that's true, then he felt like he really wouldn't be able to have self control.

That's why he refused it.

..... Though he felt guilty towards Yoshinobu.

Rimino who got downhearted because she got shouted at, return back to her own room.

She understands about moderation, but she is also determined to not open her heart to another Demon Lord candidate except Isagi.

Her own body is only Isagi's thing, or perhaps she also seems to have such self-consciousness.

Though he remembered to have a question regarding that matter about the other Demon Lord candidates.

But because of [Elf royalty is, someone who is willing to devote themselves to the first male she takes a liking to] or such kinds of words of determination from Rimino they were able to avoid any further problem.

Although because of that, it made Yoshinobu resent him more.

[..... Damn it, why , why, only sempai
What is the difference between me and sempai for such cute girl

.... why , this is weird, Misato-san.....

Why did you..... why uuuu.....]^[5]

While Isagi ignored such a kind of voice.
Isagi restarted his work.

It's the plan for his journey.

For him crossing over from the Dark Continent to the Suraosha continent. He must use a ship.
Since 20 years ago, the sea was the Demon race's territory, but he transoceanic journey was riding the back of a dragon.
But it seems that somehow now the Demon race has made a port city.
Though now that place is being ruled by the Human race.

Isagi is also a human. Surely as long as he had the money, they will let him go on a voyage.
Is there a need for something that will ensure his identity? He must research about it beforehand.

It is said that along the way to the harbor there's also a few cities of the Human race.
It seems that there's no problem about resupplying.

(But, cutting across the Dark Continent, even so it'll still take 2 weeks. Right?)

But even so, it's the story if Isagi was alone.
If Rimino said that she wanted to come along too, then the marching speed will become slower.
Sleeping outside, and also the food provision, if he's alone he will somehow manage it.
However, if he had to protect Rimino too.
It'll be hard.

About that, perhaps he should make Rimino learn about whitemagic.
So that she will be able to protect her body by herself.
Since she is an elf, she have qualities for it. Surely she will be able to master it skillfully.
But in that case.

He estimated the shortest time for her is a half year.

Even though a half year after 20 years already passed. It feels like there will not be much of a change.....

(The thing is that it would be better if I meet with Balzado faster is also true. Right?)

Isagi completely understood, which one he must put into his priority.

Firstly he had to solidify the defense.

As long as he is in this place, there will be not a single person that will die.

If he starts it at the time that something is about to happen, then it'll be too late.

And thus, he will also participate in the sword practice from tomorrow.

So that it'll be safe even if he leaves.

He must temper the Demon Lord candidates.

(Even saying so, making the plan about the journey is not useless)

The thing which he is able to do if being alone is restricted.

Isagi with the help of the light from the lamp moved his quill pen.

[..... Anzai-sensei me , want to become popular, too.....!]^[6]

With Yoshinobu's sobbing voice in the background.

It's the next morning at the Demon Lord castle courtyard.

As always Shuu, Yoshinobu, and Renzou strives themselves to practice swordsmanship.

Well then.

Just like the usual for Isagi, he sat around that place. He gazed at their state.

At the time of the Adventurers guild establishment.

Before, there's a time when Isagi had a talk with Balzdo about some suggestions.

That's, to make so that there's a 『Digitization』 to the adventurers power, it's about that.

At first, Balzdo was sceptic-like about it.

『The ability of a warrior, can't easily decided like that.

If there's also a fellow who is strong in adversity, there will be also fellow who gets extremely weak in a pinch.

If there's also a fellow who has a surprise attack as their strong point, there's also fellow who is able to show their true ability at a group fight.

Several men, several minds kay. It's different from black magic you know?』 he said.

Of course Isagi understood.

But even so, he thought it must be something that they have to do.

But as expected, something like classifying swordsmanship per skill is not simple.

The main point of the battle is divided into three point which is sword attack, defensive, and footwork.

As for seeing through it for each and everyone of the adventurers, it is not something realistic.

Isagi and Balzdo were at a loss.

Is there any good way to do it, they thought.

Over there they also consulted it to Plea and Selder too.

They're also became sceptical-like and 『For what reason ?』

However, isn't it two heads are better than one.

The result of the three from the brave party seriously thought about it.

That is come into realization.

It's a technique from combining the earth • Wind of black magic and white magic.

First, at the surrounding of the target person, and spreading out over 1000 layers of barriers that will break when they walk through it.

Next is give a fixed burden to their hands and legs with the earth black magic.

And then pressure the whole body with the wind black magic.

Thus it will give a measurement from the reaction value from all of that, and it'll derive the numerical value according to the remaining or the magical power.

Though he didn't understand what he had said about. [\[7\]](#)

It's alright.

The mechanism, was something that Isagi also didn't quite understand about it.

Plea and Selder left alone Isagi and the other(TL : Balzdo), and rapidly evolved this technique.

At the time he realized, with the attribute value of ,ATK (power), DEF (defense), and SPD(speed), the technique which is able to give a measurement with quite accuracy was completed.

On the top of it, they lowered the degree of difficulty to use it, as long as someone knows the《 Code 》then almost everybody will be able to use it. As expected for Plea and Selder. The big two technique user in Arbarisus. To make such a complex technique, for even Isagi who is not very good with black magic, is able to apply it without much of a problem.

With this, he will be able to manage the adventurers in the whole world evenly. Even dividing them into ranks depending on those strengths is also possible. If the contents of the quest are distributed to match with the rank, supposedly the number of casualty will be dropping sharply. Said that, Isagi get extreme happy about it.

Again for that, the name is.
(..... Analysis technique)
He muttered it with a low voice.

In the next moment, those three status are showed inside Isagi's brain as some intuition.

Shuu
ATK : 66
DEF : 58
SPD : 62

Yoshinobu
ATK : 37
DEF : 50
SPD :38

Yankee
ATK : 40
DEF :36

SPD :37

Generally, it's fine to think that their 3 ability scores are the same as the typical average soldier.

Though it's a story, if this is 20 years ago.

When he saw it like this he understood that Shuu's growth is outstanding. But, even so.

(For Yankee to fall behind this much , it is unexpected)

Much less about the part that didn't really differ from Yoshinobu, his inferior part is also standing out. [8]

As expected, he still doesn't get on how to use the magic power.

It's because he was imprudently getting into fight with his body repeated. That might be it.

He must have not been able to grasp the feeling.

(Let's also try it to Ira too)

Analysis technique is as long as the receiver themselves didn't concentrated much about it, then they wouldn't be able to realize the technique.

Because of the released《Code》is compressed to the amount that only necessary, seeing it is also difficult.

That's how Plea and Selder arranged it.

Now, for Ira who was coaching the three people on swordsmanship who supposedly will not able to see through it.

Ira

ATK : 125

DEF : 83

SPD : 136

Indeed.

If the total amount is crossing over 300, it's perfectly master level.

However, the Demon Lord candidates with just three weeks, progressed this

much.

(That's since they're the one which possesses the same power as Demon Emperor Anrimanyu after all.....)

Let's think about it again.

These Demon Lord candidates, hold the power that's outside of the norm.

Truly a cheat group.

These people who in the future will grow into Demon Emperor Anrimanyuu class, and three at the same time.

(After a half year, no matter how strong the adventurers guild will become, as expected they wouldn't be able to match it. Right?.....)

He glads that he didn't get summoned as the brave at this age.

Isagi thought of such a thing.

Isagi : Wouldn't cheat. Absolutely wouldn't you know, it's absolute okay.

Rimino : Wanted to have a baby with Onii-chan.

Yoshinobu : Wanted to become popular.

Analysis technique : The technique that was thought for the guild establishment.

[1] (TL : it's D right! D!)

[2] (ときどき固いものがイサギの背中に触れて、突起がこすれるたびに彼女が体をビクッと震わせる。I'm not sure ==;))

[3] (Ed: (๖_๖))

[4] (TL : Rimino talk in 3rd PoV using "rimino" when mentioning herself , not using "watashi"(me))

[5] (TL : yoshinobu ntr-ed by his sempai =w= maybe?)

[6] (TL : Anzai-sensei's quote(Don't know if read the name right =w=') – Become very useful in your live!)

[7] (TL : honestly me too ==;))

[8] (TL : 50(Yo) > 36(Ya))

Yuusha Isagi no Maou Hanashi

2-3 Ex Hero, Work Behind the Scene.

At the most Isagi had to do it in a casual maner, that is it.
He who was viewing the practice at the courtyard. Isagi came up to and talked with Shuu.

[Come to think of it, at the time of rushing in, doesn't it seem like Shuu puts the power into your left leg?]

[Eh?]

[No, I just thought about it after seeing it]

He claps his hand.
So that it doesn't look transparent.

[Ah, perhaps it is because you played soccer?
Maybe you hurt your foot before and are concerned about it]
[Eh, yep, certainly a very long time ago there this time it got fractured]

He seems to be pondering about it for a moment.

[Everytime I tried to go around and cut over Ira-san, my response always got a little bit late. Right?

Perhaps maybe it's because of that. But how were you able to realize it that, Isa-kun]

[No, You know. Aren't I always doing some kind of an inspection. Right?
That's why I thought that at least I had to say something that will become useful.
You know?]

[Ahaha, I understand. You're awesome eh, Isa-kun]

Yoshi, it went smoothly.
As he made a guts pose in his mind, Shuu gazed over this side.

He got only a little bit surprised by those gaze.
However, he(shuu) immediately floated a smile.

[It's something called as the bystander vintage point. Perhaps maybe I have some habits which myself couldn't notice.

If you come to realize about another things, please tell me kay]
[Eh, aah, leave it to me]

bwok Thus Isagi clapped his chest.
With this rhythm, let's also walk and teach Yoshinobu and Yankee.
Though he didn't think that Yankee will obediently listen to him.
Well, it can't be helped but he had to do something about it.
Isagi in Isagi's own way will strengthen the three people.

Changed the place, this is the room which once was called as the office.
Maybe this is somehow similar to a principal office, or so Isagi thought.
Now that the junk are randomly crammed inside it, it has turned into a storage room.

In this place sleeps the books that remains inside the Demon Lord castle, that are few in number.
Though he can also bring it to his own room, but because it feels somewhat troublesome Isagi spent his time at this place until the training is over.
He also brought along Rimino to fill his loneliness as he is inside the room. After all he can also give her a job called 『 Cleaning 』if it's at the office.

And thus he sat at the chair which the dust are piled over it. Isagi continued his reading.
Each and every of it is about the story of the Demon race at the Heroes age.As expected,The things that can become quite helpful seems to be nonexistent.
Well, the thing called research is often something like that.
From the fact that this place is not off limits, it seems that it's degree of importance is low.
Let's leave that alone.

[Eey, Dyutyu]
[Wha, Wha~~t?]

Dyutyu who is at the corner and just like him reading a book raised her face. However this Princess, is an idler. She is only wandering around all over the place.

When he thought that today she is unusually reading a book, but he was wrong.

Somehow this world has something that is similar to a crayon, and thus it seems like she is doodling over the paper happily.

Is she a baby.

Maybe she is a baby.

Let's stop the retorts.

He decided to ask, to her who comes inside the office by chance.

[What are the current conditions of the financial affair of this castle right now?]

[Financial Aafeir ?]

Dyutyu incline her head.

Ah, it's not good.

He felt like he asked the wrong person.

However, Ira and Sirbenia wouldn't want to tell Isagi about it for sure. He also wouldn't think for the soldiers who are below them to know about the information.

He changed how he spoke and he asked.

[Uuum, ah that's right. Firstly, what happened with the food situation in this Demon Lord castle?]

From what he has seen, it seem like there's no one who was engaged in the primary industry.

It's because there are no territory after all, thus they can't expect any tax yields. However where are the materials being delivered from. The warm meals which they carry everyday, where does it come from.

He can't help but wonder about it.

[Aah, it's the "Five demon general council" eh] -Dyutyu

[Five demon general council] – Isagi

He pondered over it.

(Is that so, so it's Five demon general council eh)

In the the loyal retainer of the demon king's forces, there are the ones who are called as the five demon general.

They're originally are the monarchs or the kings of the demon race country union. **(or federation.. I forgot :9)**

Among them who have especially strong influence are called as the five demon general.

As for the Fighter faction of the five demon general, there's also a time when Isagi clashed swords with them several time.

Every last one of them is strong to the extent that he got tired of it.

[At the five demon general council that is held every year, they allocate the budget for the Demon Lord castle you know~]

Dyutyu who throw her chest with *Ehe~een*
Isagi is shivering.

[Dyutyu is amazing eh. To know about such kind of a difficult situation]
[Ufufufuu~]

Dyutyu who became very happy and was smiling broadly.
Though he never intended to praised her.

[In exchange, for them to give us support of soldier and meal bit by bit.
We will become a shield to protecting everyone of Demon race]
[Hahaa]

So that's it.
In other word, this is the reverse Demon race empire
Originally Anrimanyu was the one who was governing over the Demon country union.
But now the Demon country union is the one who is governing over Dyutyu and the others.

Their objective is, of course to treat them as decoys.
The Anrimanyuu's daughter who is residing in the Demon Lord castle, the name of the Dyutyu, is a suitable target.

Furthermore her defense is insufficient compared to the other fortress cities.
There's no way that the adventurer won't aim at it.

And more, it seems that Dyutyu sees this duty as a honor for her.
It's glad that she is a fool, or so he thought.
If a normal person then they will never take up such a thing.

Perhaps Ira and Shirbenia also got the bad end of the bargain.
Maybe actually, even the summoning of Demon Lords was not something that Dyutyu decided but those five demon generals.
There's a great possibility for that.

[That thing called as five demon general council, are they also holding it this year?]

[Yes, it's about four months later. Right]

For that four months, it's accurately different from the calendar of the earth.
However, since Isagi felt like remembering about it, he can only roughly understand about it.

If he remembered about it correctly, then it means that it is about 120 days later.

In any case, it seems it is better for him to participate in that thing.

[But this year is surprisingly due to the Demon Lord, and thus they will hold the meeting and be combining it with the Demon Emperor Inauguration ceremony!]

[Hee]

[Because of that the demon race will deepen their bonds, and under the emblem of the Demon Lord-sama, they can launch themselves upon complete change to an offensive you know!]

[I see]

It's a pipe dream, he can't say such a thing.
The reason is because over here there are even three forbidden technique users.

[Then it doesn't mean that everyone is selected, but from those three then someone will become the Demon Lord is what you mean. Right?]

[Yes!]

[Then they will be elected in four months later, yes]

[It will become like that~]

Dyutyu who is happily nodding.
However that face gradually became pale.

[But Ira-chan said, I must never say about this thing to anyone, and she forbid me to speak about it]

[Ummm]

[Especially only to Isa-sama, I must never tell him, she said]

[O, ooh....]

That is of course.

The present Isagi's is not even a Demon Lord candidate or such thing anymore. Even if they talked about the internal affair to such a person, it wouldn't make them gain anything.

The present himself is just a person from another world, furthermore someone who has set his hand on Dyutyu is a suspicious man.

No, that just what it seems to be.

But he is certain that Ira didn't think anything good about him.

[I will get scolded]

Zuu~~nn Dyutyu who got depressed.

[Isa-sama~~]

She made a pleading eye.

It's just like a puppy that has gotten thrown away.

[It's okay, I will not tell anyone about this]

[Isa-sama!]

Her face brightened.

Just like an On-Off of a lighting.

Dyutyu who tried to hug him, while she was pushing out her lips just like that.

Thus, at that time.

[Dyutyu-sama! Watch out!]

[Nyuwaah!?!]

Gwaash she got her back grabbed. Rimino was pinioning the Succubus princess.

Where in the world did she come out, with such vigor.

No, she properly entered from the door though.

[Watch Ouu~~~~t !]

[NyuWaaa!]

Thus just like that, Dyutyu got thrown away.

He felt like that was the same thing as the Sumo wrestling technique.

Dyutyu who got knocked on her back hard at the bookshelves.

[Hyaaaa!]

On the top of her head the books fell over *thud thud*.

Rimino in her maid clothes wiped the sweat on her forehead like she already did hard work.

[Fuuuh Dyutyu-sama, it was really dangerous you know.

A little bit more and it was about *that* will do *this* and will become *that* after all right]

[Nyuwaah ?]

Dyutyu whose eyes are whirling around.

Though he can only think of it as Rimino was preventing Dyutyu who tried to hug Isagi.

Rimino these days, it seems that she already ended up raising her hand against her employer.

However even if someone told about it to Dyutyu, she seems to answer it with [It has made me happy that Rimino became lively. Right~♪]

Actually even now.

[Th, that iss , *for saving me from that dangerous thingg*, thank you very mash~.....]

Simple.

He felt like a tear was about to come out.

[Well then Onii-chan, since Rimino still has another job, until we meet again at night kay]

Rimino who lightly waved her hand and got out from the room.

Dyutyu started tidying up the books while she held her head which was hurting.
Though his thoughts ended up straying a bit.
Isagi looked up towards the ceiling.

(The five demon general council is in four months ... eh)

As for who will become the demon king, he somehow felt around that time is suitably a good time.

As turned over the books that's not really useful.
Isagi was determined.
If he was going to depart, he will do it 4 months later.

Isagi who returned to his room, became stiffen for a moment.

(Eh?)

There's Yoshinobu in the middle of the room.
However, he has thrown down his body on the floor, and prostrated himself.

No way.
Just like it's name, forbidden techniques will always have a side effect.
Of course the Seal Skill is also the same.
Though he didn't know what is that thing, but finally it's already coming.

Isagi was also carefully paying attention to his application of his forbidden technique.

Eyeglasses who had the weakest body among the three, is the first one who collapsed.

Should he call for Shirbenia?

No, firstly he had to make certain of eyeglasses condition.
If there is a need for it, if he(eyeglasses) didn't priorly get treated by a healing skill.
It's not the time for him to hide his own identity.

He spin his thought for a moment.
At the time Isagi tried to rush over to him, he realized.

It's wrong.

Yoshinobu is *That*, he didn't collapsed.

It's a dogeza.

[SEMpAAiiiiiii ! I have a Requeeeeeeeeeeeeeestt!]

He raised his face.

The light which reside in his eyes, it's the first time Isagi saw such a thing.

This man in his life, he has made a momentous decision.

It was a man among men face, he had a face which made people think like that.

[Wha, what is it]

What in the world did Eyeglasses want to say.

Isagi's throat made a *gokuri* sound.

It's an intensity which made a long military service brave hold his breath.

This man among men(TL: eyeglasses), has resolute himself to do something.

In the surrounding, magical power was whirling around.

The magical power which overflow from Yoshinobu, made the curtains in the room shake.

flap flap like that.

The room which had a voice that sounded like a bird flapping their wings.

Yoshinobu announce.

[I, I am.....

..... n, no, This one is!(TL : Yoshinobu use "me" which is usually used by samurai "sessha")

For the sake to get this one to get along with a certain maid-chan!

Please lend this one your heeeeeeeeeeeeeeeeeeeeeellppp!]

Yoshinobu who shouted.

For a moment his brain refused to understand it.

However, he came back to his senses.

As he came back to his senses.

Isagi thought.

What is this person saying.

Isagi : Works behind the scenes.

Shuu : Received an advice from Isagi . Ikemen

Dyutyu : Simple (Tears)

Rimino : Raise her hand against her employer.

Five demon general council : the meeting that is planned four months later on.

Yuusha Isagi no Maou Hanashi

2-4 The Beginning of <Yoshinobu> Demon Lord Tale.

When Isagi listened about it, it seemed that it was love at first sight. Even though she is simple, docile, and didn't stand out. She was a gentle kid. By no means she is a cute child. If she was at a class, she would seem like the girl who at break time will always read her book at her seat behind the class. That was the impression which he got from her or so he said.

[Huuu~h]
[Tha, that's why sempai.....]

At the time when Yoshinobu was tired out because of the swordmanship training, she brought a wet cloth to him or so Yoshinobu said. Here, thus she held out to him. He didn't even care if that was just her duties, Yoshinobu said. Because of that he fell in love with her in one shot, he said.

[I see]
[Please! Please make me and that girl stick together!]
[No, something like that is]

Why don't you do it by yourself? Isagi wanted to say it. Looking at Yoshinobu who was biting his lower lip with all his might and had a face that looked like he was about to cry, he stopped. That's so. If this guy is someone who possesses the courage to talk with a girl, then from the start he wouldn't discuss it with Isagi. Or rather, it's already made him muster a lot of courage to just consult this to Isagi.

[..... I understand. It's for Yoshinobu]

[Thanks Senpaaiiiiiiii!]

As Yoshinobu tried to give a hug to over here, Isagi promptly evade it.

He(TL :Isagi) can't forget about his setting.

He is a demon king candidate. And over here is Neetriper.

[You fool. If you hug me with all of your strength I will die. Right?

You can do it, when you are able to control your own power. You know.]

[S, sorry! Fuhihhi!]

Yoshinobu's laugh looked happy.

That smile somehow made Isgai feel like it showed the sign of something evil.

Is this really will be alright.

As promptly, they're wandering around the grounds.

It seems like they're able to immediately found the objective person.

[Ah, that's the girl, sempai]

Ahead the place where Yoshinobu point at, there were two girls who were cleaning the windows.

The first one is the elf princess, Rimino.

She was standing up straight with her green hair tied up behind her.

Even from far away that beautiful face looks like it was shining.

These days her appearance had a shadow just like the first time she was at this place us now hidden and also the simle in her face is standing out

At last , it mustn't be Rimino.

Yoshinobu didn't show that kind of behavior after all.

If it's like that then inevitably, there's none other than the other one.

A girl with long black hair.

But that girl is, how should I say it, ummm.

She was a daughter from the Goblin race.

She had a head like that of a collapsed ogre(oni) child.

Though it was a unusual preference.....

No, Isagi already expected it.

Every person had their own values of looks.

[..... Is that so. It's nice eh. That green skin. It feels gentle on the eyes right]

As Isagi mutters that, he received a puzzled like face.

[Haah? What are you sayin sempai. It's not that one. The cute girl over there you know]

The one which is in the direction he pointed at is.

Yep.

It's Rimino.^[1]

[.....]

Involuntarily Isagi kept silent.

Isagi didn't think that it will come into this.

This is quite....

A complicated problem.....

Sentimentally he really wanted to reject about this.

Rimino is precious. She was someone who is like a sister to him.

In this present world, she is the only person who is able to know about Isagi.

Though Isagi thought that Yoshinobu is not a bad person, even so he was very reluctant about this.

But, if he thought about it without a thought about the love or suc, this is not that bad.

Yoshinobu, as a Demon Lord Candidate then he supposedly will stay at his castle.

If that so, then Isagi will be able to entrust Rimino to Yoshinobu, then Isagi would be able to do a journey alone. ^[2]

He will also be able to make progress on searching for Plea.

However.

Either way, Rimino will think that Isagi is throwing her away.

Will Yoshinobu be able to be the head of her heart?

Presently, Rimino, who just got surprised because of the joy of their reunion, will she eventually choose Yoshinobu?

What if Isagi told Rimino to go out with Yoshinobu, what face will she make. That is something that is too cruel for her.

With just a few moment he thought about too many things.
Isagi was groaning.

[Aah.... is that so, so this is it eh, Yoshinobu]
[Fuhehehehe, that's true you know that actually]

Isagi who surpress his forehead.
Thus on his side there's Rimino who is bringing a bucket, smiling while waving her hand she passed by.

(..... eh?)

But, Yoshinobu who was still making a smile and was grinning.
His direction he go towards is still same.

[.....hmm? Is it not Rimino?]
[Hah? What are you sayin]

Are you stupid? Yoshinobu gave such face.

[There's no way Rimino-san is a good match with me right if you thinking normaly about it.

That kind of sparkling person will make my eyes crushed if I see it with naked eyes you know.

That kind of person is 『This creepy otaku. Can you please don't speak to me?』
like that,

She is a perfect person to give me a scorn, with a cold eyes you know]
[O, ooh]

He drew back because of that vigor

[It's that one, over there]
[.....Hmm?]

If one looked from right at Isagi's position, it become Rimino's shadow and he can't see it.

No, though he indeed saw it. However, he never thought that it will be that girl.

Un sho~, Un sho~, like that.

Her look was someone who was doing something very hard, there's a girl who is brushing the floor.

From that earnest look of her, it to the extent that over here who is watching it is surprised.

Sweat is spread over that darkish skin of her.

Just like what Shinobu's said, she is certainly not a cute girl.

Her hair also almost didn't get any treatment.

If compared to Dyutyu or Rumino then it's like day and night
If she does poorly, perhaps in class it is faster to count her down from the below.
[]

That is how plain that girl is.

She still looks like a girl who calls her father as Papa.
She still looks like believe about Santa Claus.
She seems to suited for carrying a ransel on her back.
She seems to suited for her to wearing school swimsuit which had a name plate on it.... [3]

Isagi's rage slowly cooled down.

[Yoshinobu]

[Haa, Haa. Wha, what a cute girl.....

..... eh, ah what is it?]

[That girl, how old is she?]

[Eh , umm, I don't know though.....

Well, perhaps it's around 10 years old right? It's a suitable age for marriage right.

I want to get closer to her. I want to play together with her Dyufufuu.....]

What is this person saying.....

Isagi got taken aback.

It's too detestable.

It's a violation of child protection law.

It's hatefull to see that face that looked like he felt like he didn't do any wrong.

..... This is the Demon Lord Candidate attribute eh.

Isagi trembled with fear.

Before going to the bed, at that time when they're called Rimino to their room to confirm it.

[Ah, Lolishia-chan? Yep, she is 10 years old just like she looks]

She told.

With this the theory that she was actually already an old Lolibaba(Loli-granny). However to think that her name is a Loli too.

What will it become if she was a granny, thus Isagi thought about it a bit.

Three people gathered the chairs towards the center of the room. Sitting across Yoshinobu, was Isagi and Rimino who was sitting stand in line is a usual thing.

[What kind of kid is she?] – isagi

[Umm, if I remembered correctly. Originally she was a kid from Minfest city. Though after that place got attacked by adventurers, she ran away from her home.

Her father and mother both died because of the wound at that time you know. And now she is all alone.

But, she is a good kid you know. She always does her best after all]

The Minfest city is, a dark continent land which was invaded by the Human race a few years ago

Port city Black Round.

Bellfest city. Mintfest city.

And then commercial city Relkus.

Those four city, it was the four city in the southern part of the dark continent which was stolen by human's adventurers

[Tera poor thing.....]

Yoshinobu made a sad face.

Though because of his tone, the seriousness about it has become dim.

[Actually, Yoshinobu over here you know.]-isagi

[Hmm]-Rimino

[Seems to like that girl you know]-Isagi

[Eh.....]-rimino

And thus Rimino suddenly extinguished her expression.

Is it perhaps Isagi said something weird?

That girl nodded her head with a stiff-like voice.

[I understand]

[Hmm?]

[Heh?]

Those two boys blinked their eyes.

Rimino putting her hand on her stomach, and then gave a bow at that place.

[Yoshinobu-sama. Since I will preparing for the “yotogi”, please wait for a moment]^[4]

She intend to leave the room.

[Yo, yotogi!?!]

Yoshinobu spout out.

Isagi who tried to halt her in a panic.

[Wai, wait for a bit Rimino. It’s not something like that, not something like that]

[Eh, it is not?]

She who is turned around, made an expression that seemed relieved.

Isagi turn his sight over to Yoshinobu with half opened eyes.

[.....it is wrong, right?]

Yoshinobu who swing both of his hand in panic.

[I , I even played eroge is an cons-absolutism after all!

I dislike something like brute-scenarion okay! I wanted to to begin an plantonic love you know!]

[EROge-?]

Rimino is incline her head to the side but.

[Well whatever. But thanks god.

Rimino, have a important position among the maid right,I am the one who have to order her to do that.

But you know, Rimino is always keeping her body to keep pure with all her might right?

Onii-chan]

[I don't know though]

He never checked about it.

..... even if he did check it, he would be troubled though.

[Even though Rimino absolutely didn't want to do it, to tell that to a girl who was younger than Rimino is a bit, right]

Ehehe, thus she laughed.

[Now that you said it in this castle, every important person is female right]

Dyutyu, Ira, Shirbenia.

Though among it(female important person) there must be some that is choosen because of the conduct among the fellow female, but it seems that those girls are different.

[Yep. But all of the Demon Lord Candidates are males. Right? As expected it will become something like that eh, or so Rimino thought.

But to think that Onii-chan will be the one who told her about it, it's unexpected.....]

[I'm glad that the misunderstanding is over]

But, that's true.

Rimino and the others are at the position where they're can't refuse if Demon Lord candidates wish for them.

[Surely it'll alright okay, even after this.

I think that Shuu will never do something like that after all]-Isagi

[No, you don't understand you know. Someone like him is alternately is someone who is actually a sexual prodigy you know]- Yoshinobu

[You have too much prejudice to handsome people I say]-Isagi

Shuu is a saint. Even though he is just a highschooler he is being too good for a

human.

A type that will not discriminate to get in contact against anyone, a true Ikemen.

Even though he said that if Yoshinobu tried to get along with Shuu then it's alright, he earnestly didn't want to try that.

For him Riajuus are an enemy.

It said that his complex is aching. Though Isagi didn't quite understand.

[I think that if there's someone who will do it then it's Ashikaga though] – Isagi

He doesn't look like a yankee type that have has too much interest in girls. Constantly alone. He seems like a delinquent from the Showa era.

Thought if he can Isagi wanted to get along with him, but he wasn't able to get the chance.

However, even when deducting that impression in mind, Rimino's appearance is too attractive.

If Yankee ordered Rimino to service him.....

He doesn't really want to think about it.

As Isagi thought about such a thing, Rimino act flirtatiously.

[..... Onii-chan. That's why before that, she think it's better to eat it quickly you know~] – Rimino

That girl slowly started to raised her apron skirt.

Isagi stopped it with both hand.

Yoshinobu made a really sad face after all.

[leaving that aside now we are talking about Yoshinobu you know] – Isagi

[Yep. Showing yours flirting right in front of me, it made me about to died in anger you know] – Yoshinobu

[Ye~s] – Rimino

Rimino sat back on her chair.

She thought hardly while stroking her lips.

[But if it's like that, what should we do?

For now shall we make Lolishia as Yoshinobu-sama personal maid from tommorow on?] – Rimino

[Eeh! Such a thing, suddenly is impossible. No no no no!] – Yoshinobu

[Then what should we do] – Rimino

[Tha, that is eh.... something, like, naturally both of us will fall in love, or such of a kind of plan is good right] – Yoshinobu

[Doing at your own Convenient.....] – isagi

[He~y he~y, that is perhaps similiar to Rimino and Onii-chan?] -Rimino

Rimino who smiles sweetly.

The two boys ignored it.

In the first place, Isagi is not too good with this kind of thing.

The one who is Isagi's first love is Plea.

Furthermore that is present continuous tense.

At the present, he's at the condition where he doesn't have anyone as a love interest in his whole life.

He has a lack of experience to the extent that it's hopeless.

The thing that he is able to think up is.

[..... Then, let's give her the good part of yoshinobu, then let's make Rimino tell about it to Lolishia-chan, how about it?

it seem that knowing each other is important right] -Isagi

[isn't that is a bit hitting around the bush too much right~- Rimino

Rimino inclined her head to the side.

Certainly, or so he also thought about it too.

But unexpectedly Yoshinobu was in high spirit.

[That's good! let's do that!]

[Are you serious]

[Lolishia-chan who got protected from far away by me, unnoticed later on she realized the one who did that with her own eyes, thus she will noticed the faint love of her right.....

good, that's good, that's really good, it's romantic, Dyufufu !]

Rimino is drawing her seat a little, annd was taking a distance from Yoshinobu. Perhaps Yoshinobu's dream is to get an achievment to get despised by her is one step nearer.

[... Well then, for now, let's do that okay?]

[Yes!]

Yoshinobu is in high spirit too so it can't be helped.

Rimino came bringing paper and quill pen . [5]

[Yep, it's ready]

As expected for the Elf-race's princess.

She is able to do something like reading and writing without any problem.

[Then Yoshinobu, give her about the good parts of you]

[Aah, leave it to me!]

Zwap Yoshinobu raised her thumb.

He's all smile.

[Ummm right.....]

But however.

Gradually that smile is fading away.

He moved his finger on the empty space.

Rimino looked at Yoshinobu in wonder.

Isagi who is watching over them while resting his chin on his hand, is he perhaps [6](TL : this is isagi's thought), thus he realize.

[..... Oi , Yoshinobu]

[.....]

Yoshinobu became harden.

[No way, you]

(This guy perhaps, he wasn't even able to give out not even one good part of his ! ?)

Isagi fell into surprise.

[Yoshinobu-sama] – Rimino

Even Rimino's gaze, gradually become that of seeing a pitiful thing.

[Eh, ah, tha, that's it !]

As Yoshinobu stood up from his seat, thus he announce.

[I ,I , since I like anime or manga or such.

Umm, when I secluded myself, I got quite serious practicing drawing cute picture you know,

Lo, lolishis-chan 2D version then I can draw it you know.....]

Even though his face is laughing, those eyes at the deep of that glasses were hollow.

It's hard to know where those eyes were seeing.

His voice also trembled.

He's pitifull.

It's really unbearable to see it.

[it's alright let's rest, rest ...]

That guy's shoulder, Isagi gently clapped it.

Isagi : His amount of love experience is still not enough. Still jobless.

Yoshinobu : A Demon Lord among the Demon Lord. Wanted to violate the child protection law and a man who challenged the world law.

Rimino : A flower on a high peak. A beauty that will crush one's eyes if looked with naked eyes.

Lolishia : 10 years old girl . Run, Run quickly.

[1] (ED: Well looks like someone is dying today.)

[2] (ED: NO NO NO DONT DO IT.)

[3] (TL : a.k.a school swimsuit.)

[4] (ED: Yotogi = A women sleeping with a man at his bidding)

[5] (TL ; quill pen is unexpectedly sharp, just buy one(actually g-pen) few days ago ~ =w= it is really sharp)

Yuusha Isagi no Maou Hanashi

2-5 Catch it at the Yotogi field.

In the end, it's a plan to show the good parts of Yoshinobu, and thus it's decided to leave it to Rimino's ability.

And so, it was the time in the middle of cleaning the Demon Lord's castle corridor.

[Hey hey Lolishia-chan. Can I have a moment?]

[?]

With a dust cloth in one hand, Rimino closing by gleefully.

That girl inclined her head to the side expresionlessly.

[It's about Yoshinobu-sama though. Do you know him? Yoshinobu-sama]

That girl *kluk kluk* give a little nod.

As Rimino rubbed her hand.

[Th, that person is really kind right ~]

[.....?]

[Furthermore he's really brave, and his daily routine is to protect little girls or rather, one day a million good things is Yoshinobu-sama's policy or rather ...

A, anyhow he is a really good person thus umm.

When Lolishia-chan has time, it's okay for you to treat him kindly too you know
- - ?]

[... ? ?]

Rimino who spoke with a cramp smile.

Lolishia always made a face that's stared into wonder.

On the other side, the mens group.

[.... Hey Yoshinobu. what do you think about that]

[Aah, lolishia-tan cute lolishia-tan]

He didn't heard it.

Secluded themselves at the pillar's shadow, Isagi and Yoshinobu watched over the two girl's situation.

Or rather, it's already this far after we asked the help from Rimino, but everything is a lie.

What is that everyday a million good thing. (TL - usually it's one day one good thing)

[Yoshinobu, are you really alright with that]

[Why are you suddenly talking with me?

.... Not that, eh, isn't there really no problem right?]

[No, but]

[Ha-ha-- senpai is really stiff eh!

the thing that's important for now, is to make her turn her face to me.....

Isn't that so!?)

[But -]

Isagi ended up restrained by his comment.

Though he felt that this is somehow different, but he can't express it into word.

As expected it's better to ask it to Shuu.

And then as he thought, there's not really any visible result.

It's obvious thing.

[Why is it not good -- . As expected because it's a lie ?] - Rimino [No , I think that's not really the problem here] - Isagi

At the courtyard.

As always while looking at the three demon candidates who are zealously practicing with Ira, Isagi and Rimino were sitting side by side at the bench.

A clear clank clank sound of the wooden sword clashed at each other can be heard.

[As expected, maybe it's better to just ask her to do "yotogi" even by force eh]

[But if it's like that then Yoshinobu wouldn't feel any good about it right. What a selfish person he is]

[But but, a man is after all the type of human who is thinks with his lower half right?

Then isn't it alright to just create the love later?}

[..... You, really said that to me?]

[ehehehe, don't worry.

Rimino understands that Onii-chan has love for her after all]

Rimino who made a embarrassed smile.

She poked that squishy lips of her.

It seems somehow that's not her act to tempt him, it was just a habit of her.

It's something that is called as lips desire.

He had heard that it's something that a woman that wanted to act spoiled or feels lonely.

That Rimino, turned her expression back to that a bit of a serious expression.

[But more than that, Lolishia-chan, she is always alone you know] - Rimino
[Hmm]

[Even as a mistress, if she gets the support from the Demon Lord candidate-sama, Rimino thinks that she will be happier like that.

Though it's not what should Rimino can say, but Rimino want to Lolishia to become happy after all.....]

That thought of Rimino must be the common sense of the people of this world.

Something like love, it's a luxury thing.

On the contrary, it's just an unnecessary emotion that brings numerous disasters.

Something like a political marriage between the household of nobles, that's a perfect example for it.

In this Albarisus, there exists a muddy dirty society that is totally didn't come to Isagi imagination who comes from the modern japan.

Compared to that then what about this.

Yoshinobu's philosophy of love, isn't it rather something that's perhaps really gentle.

Supposedly he would never hurt Lolishia.

It felt like that is something that's even for Lolishia is a happiness.

Thought he is just a lolicon.

The commander in sengoku era, there was also one that took a 12 years old girl as it's wife when he was at his 20s.

If it's compared to that, for 17 years old Yoshinobu to have a 10 years old wife, is also not something that considered as weird.

Yoshinobu is just a Lolicon.

For sure he is not someone who possesses the disposition as a pervert.

Maybe.

..... Isagi didn't have too much confidence in this though.

[In other words, everything after this is up to Yoshinobu himself, right]

If he is able to summon his courage then everything will be solved.

As expected, they had to forcefully make her as his attendant eh.

Or maybe the other thing. There's only a need for an event that can make Lolishia's affection suddenly rise.

[Oi , you]

It's at that time.

There's a shadow that fell to Isagi who was in thought.

When he looked up, there's Ira who was putting her hand on her hip.

It felt like the breasts that stick out in that shirt which was wet from sweat can be seen.

Though the one who felt that thing, in the end was just Isagi's personal impression.

[You, what are you doing to the Demon Lord candidates-sama] - (she use "Kisama" which is a rude way to call someone)

Ira's cold gaze.

So at last, she has finally seeing Isagi with such kind of eyes.

[What is happening? What are you talking about I wonder.]

[Don't play the fool]

Ira was grabbing Isagi's collar.

At her back, there's the sight of the three people which who was worn out and collapsed on the ground.

This is also a scene that he became used too though.

[.... Even Shuu-sama, and Yoshinobu-sama too, their movement obviously became better.

When I ask them, they said that both of them got advice from you.

What the meaning of this. What are you hiding]

So it's like that.

It seems that she already got into that thing.

There's no need to object at this place.

[I just said something that I realize after seeing them okay]

[What are you saying....]

He looked back at her eyes from a close range.

[If Ira is fighting at land, it seems that you aren't quite used to it when taking distance with steps right.

That there's a hole in the defense. if it's a one hit ko absurd battle maybe it's alright, but I think it's better to weave together a small scale attack a bit when practicing]

[You....]

At the time Ira let her power down, Rimino came to cut in.

[Wa, wait! Don't do violent things to Onii-chan !]

Hmph, thus Ira snorted.

[..... Princess Rimino eh. I don't know when he was able to win you over but, there's nothing good if you cling together with that man you know]

[Ah, you know, Onii-chan is really awesome you know, Onii-chan is !]

This is bad.

Isagi once again came between those two.

[It seems, somehow I have this kind of power you know, Ira]

[.... What are you saying?]

[When I see it then somehow I am able to understand about it.

What is bad about someone, I am able to notice it you know.

Is there's perhaps such kind of power in this world?]

Of course the first half is just a random speech.

However, it's also mixed with a thing that's not a lie.

Ira backed away.

[.... it's certainly, exist. it's a power that's called as 《Examine Eye》 .

Though it's a story from the heroes age, I had heard of it. You said that you're the possesor of that power?]

[I don't really quite understand too myseft thought]

Ira's gaze pierced isagi.

Her sole purpose is to battle with the human race.

That's why, even though it's to the extent using the summoning formation to summon them.

For Isagi who can't become any battle power, it seems that Ira harbours something that surpass resignation and becomes hatred.

It seems that she indulges herself in thought.

At this time, though it seems that there's no way to suddenly change over her attitude, but even so she approves it.

[.... I understand. from now on said it when you realized over something. I'll

take it as reference]

[Oke~y, Ira]

[I'm sorry for using violence]

While averting her gaze she bowed her head slightly.

Using everything that can be used. Perhaps that's what is in Ira's thought.

That's why she didn't object the use of the summoning technique and also the seal technique.

Now it come this far what about one more suspicious male appeared ,right.

At the time she left, she muttered.

[..... Demon Lord candidates eh. Every one of them ,are full of monsters (bakemono) eh.

But, maybe we can win with this]

Deep inside those serious eyes, there's reside a colour of joy.

Isagi let out a sigh.

It's good that he prepared an excuse beforehand.

Of course, the thing that's called as 《Examination eyes》 , Isagi is not the possesor of it.

The only thing that he has is only the abundant fighting experience, and then the trusworthy eyes of a swordman.

On the contrary, only those things are enough, it can also said like that.

With this not only the Demon Lord candidates, he can also be able to level up Ira too.

However, it seems that it's ended up ruining Rimino's mood who was standing at his side.

She jeers in a low voice.

[..... Onii-chan, why did Onii-chan behave modesty to that extent?]

[About what?]

[After all Onii-chan, is a really awesome person after all]

[I'm not really that great you know. It's just, I am is a bit better in murder than the common person okay]

To that Rimino who said it sound annoyed about it, Isagi easily told her that.

It's not like I am something that can be made by humans or anything, or that's what he thought.

That's really the true thing that Isagi thought.

It's the result of seeing himself in an objective view point.

In these three years.

The human race who is betrayed and goblin race also demon race at the same time on the other side that's elf race and dwarf race too, he already killed countless of them.

Pilling up numerous number of corpses, and thus he succeded in defeating the Demon Lord.

Isagi didn't have any grudges to neither the human race or the demon race.

However, if it's for the sake of fulfilling his goals, then he will not give any mercy towards everything that turn their back against him.

Though the result of that thing, is everything that happened right now.

Rimino raised her eyes.

[That way of speaking!]

At that threatening face, Isagi unintentionally gulped a gasp.

However after that immediately that girl lowers her voice.

[..... Only that way of talking, is something that you musn't do you know Onii-chan.

Rimino was saved by Onii-chan, and is always very happy about it after all.

Onii-chan's power, is a strength that is able to protect anyone you know.]

Their palms completely touched each other.

Their fingers entwined with each other.

Thus Isagi realized that he ended up saying something stupid.

[..... That's, true eh.

Sorry, Rimino]

[Ye~p, it's okay]

After she smiled sweetly, she hugged him.

Though, at this rate the sins that Isagi committed will not dissappear.

However only the feelings of Rimino, he was honestly happy about.

[However, if Onii-chan is getting liked by any other person more than this, then Rimino's share of Onii-chan will dissapear eh~.....]

[Eh, what are you talking about?]

Rimino who separated from Isagi, suddenly put her hand on her chin and started to get troubled.

If it goes poorly, it seems that it was totally a more serious face than some times ago.

[Uuh uuh, what will happen if Ira-san started to aim at Onii-chan

ah, but maybe it's alright if with that Onii-chan able to make harem ?]

[Harem you said]

[Yep, with that then everyone will altogether become happy after all....

If it's become like that like that, Rimino will once again be going to Yotogi, and then turn over Onii-chan's feeling again after all....]

[Though I've never doing it even once you know]

Rimino who has turn over here with *zap*

because of that girl who approaced really quick, he got pushed off from the bench.

[It's okay to do it too !?]

[it's a no right]

[Uuu~~~~h!]

Rimino clinged and stucked her whole body onto him.

As usual, that small head of her pushed into his chest.

Is she perhaps aiming for this isn't she, or is he worrying endlessly.

The feeling of her silky hair is really, ticklish.

Somehow, it can feel that from far away Yoshinobu emitted an negative aura.

Is he perhaps finally able to awaken his fighting spirit.

[Ah, that's right!]

At the time when he wanted to pushed away Rimino away, she raised her face.

[That's right, it's a plan when we are about to get caught then it get swapped !

For Lolishia-chan, a good thing comes to Rimino's mind]

[Eh?]

Isagi wasn't able to read her intention who suddenly announced it.

And ended up raising a hysteric-like voice.

After that, as they talk together Rimino and Yoshinobu came into a mutual agreement.

Both of them made a certain plan.

That's name is too 『A big allies of justice plan』 .

And then the bad guy is ---- for some reason, was isagi who get dragged into this.

That night.

[Umm..... excuse, me]

Gave a little knock on the door, nervously entering the room there's a lone girl.

that was Lolishia.

is it perhaps because of her get-up that well ordered, it felt that she was more cuter than the last time she was seen.

she wore a lingerie that seems to be easy to take off.

That thin fabric, didn't even hide her immature body line and made it stand out.

That bulge on her chest, also the waist line that still undeveloped on that childish body is catching one's eyes.

(This is impossible)

Isagi mutter so in his heart.

Saying it frankly, he cannot think of her as a target of sexual desire.

However.

[Today, the one who will aid Isagi-sama, is named Lolishia

Plea, please, please to meet you]

That little girl *kluk* bowed her head.

To that figure which stimulated desire to give protection, instinctively gave his heart a beat.

That appearance who convinced herself that this was her duty, was pitiful.

It made him want to hug that girl who is shaking in anxiety, and pat her back.

That was not sexual love, or that's what he thought.

[Yep, I'm Isagi, best regard too]

[Ye, yes

Though it's inside Isagi's room, Yoshinobu was not there.

It felt like, Rimino already won him over in various things.

However, having that thought right now is already too late.

Beside Isagi who's sitting on the bed, Lolishia slowly came over.

She made an expression that looked like she had to ponder hard about something.

He felt bad for it, thus without him realizing it, he started to talk to her.

[Uum, did you learn various thing from Rimino?]

[Yes]

[..... Aren't you scared?]

[.....] <- this felt like some starting conversation in some AV , not like I've watch them ~ :9

The girl kneeled beside Isagi, and thus casted her eyes down.

That body trembled slightly.

[it's okay to say your true feeling right now you know]

[.....]

[Lolishia-chan]

[.... umm , it's a bit, scary.

Rimino-oneesama, said too, that the first time seems to really hurt.]

What in the world did she teach

to this little girl.

[However if I am able to overcome this.

.... Then the happines as a girl will wait, that's why I have to hang on, she said

....

That's why , umm, I am]

Lolishia's body came closer.

That little hand approached over Isagi's trouser.

[I will, try my hardest that's why ...

isagi-sama too, please make me feel good a lot too ...]

Rimino

Isagi become greatly perplexed about it.

(What the hell did she teach to her !)

Or maybe, this kind of thing is perhaps something normal in this world.

Is this perhaps how people normally treat maids.

Isagi didn't quite understand about it.

In the middle of his adventure he never drop by to that kind of place.

He already didn't understand what is what.

Lolishia one by one undid Isagi's shirt's button.

Though her movement is still awkward, it seems that she understands the procedure.

Is it perhaps that Rimino taught her, or for the sake when such a day would come, she trained by herself.

That girl who was lightly leaning over to his side, while slightly raising one of her feet, moved her lips closed near to Isagi's ear.

[Isa, sama ... I am, umm, will try my hardest, that's why]

lick, Her tongue crawl over his earlobe.

It made Isagi's body jolt with a start.

No good.

This is trully not good.

(Oi Rimino, Yoshinobu, is it not the time yet !)

While his body was being pushed down by a 10 years old maid.

Isagi's body become hard solid just like a little girl.

Rimino : These days get particularly lively.

Lolishia : Obedient. Got teached with "not good" things.

Isagi :These both hands of mine are already painted with blood . 8th grade disease. (A.k.a Chuunibyou) Yoshinobu : This person is no good. Someone has to do something about him quickly.

Ira : Ira who is Irritated. Irritated Ira . (Actually a Pun . Ira mean rage . RAW : Ira ira suru Ira. Ira ira Ira-san) イラ : イライラするイラ。イライライラさん

Yuusha Isagi no Maou Hanashi

2-6 < Rimino > : Part 1

TL note : This is Rimino 3rd POV.

In the end, Rimino was glad with whatever will happened.

Lolishia who's got ordered to do Yotogi with Isagi.

Isagi will mess up Lolishia. He will entirely devour and attacking her immature body.

At that time, Yoshinobu will barge in.

He will magnificiently save Lolishia.

And then that will make her turn her face towards Yoshinobu. That was the original plot.

Isagi got asked to do this bit forcefully, but it's a success stroy that got an OK.

He is really a nice person.

If it's for his friends sake then he will put his body on the line.

Thought that is what she liked about him.

In contrast.

That is, if by any chance Yoshinobu wasn't able to muster any courage.

[O, Ok, Okaay.

I go, I'll go, I'll go alright !]

That was trully the current situation though.

Rimino was in standby in front of the door. Yoshinobu is trembling while putting his ears at the door.

In particullar, Rimino didn't hate Yoshinobu.

However, it's a fact that she didn't have any room to mind about other people.

They're the Demon Lord Candidates-sama.

The world that she lived in was different from their world. She clearly understood that thing.

She intended to not take too much action.

She also can't keep in touch with them too much.

That's why, Rimino watched over Yoshinobu.

If in any case that he wasn't able to barge in, she was wondering how far will Lolishia go.

As excepted for offering her body must be difficult.

If they're able to kiss then it's already great.

If it's like that then surely he will take responsibility.(TL : for kissing? seriously?)
There will be no doubt, that he will take responsibility for his whole life and will be looking after Lolishia-chan.

That was the kind of man Isagi is.

This is not just somekind of nursing.

Its different from such a kind of thing.

Its full fledged sexual intercourse.

Surely there won't be something like doing her and then thrwoing her away.

It was something that's hold more of a sacred meaning.

Lolishia surely will receive happiness.

How wonderfull is that.

But, at the same time.

If she is compelled, why did he only give his kiss to Lolishia, and didn't do anything to herself. (TL : Dyutyu already kiss Isagi once right?)

She can do it.

He supposedly will do it.

In 8 or 9 cases out of ten surely it will succeed.

Though Rimino understands it, that her time together with Isagi is surely not something that's long enough.

She didn't care even if she was the second. (TL : third, I'm sorry)

If she is able to become together with Isagi, that's all is enough.

For Rimino she wouldn't even care about the place of first wife.

(But, Rimino will get a bit jealous.....) - Rimino

Wherever it will roll to,Lolishia will become the empress of the future demon

lord.

From the view of demon commoners, it was kind of a cinderella story.

Though frankly, she was jealous of it.

But, well it's okay, or so she thought.

If Lolishia becomes happy, and Isagi will give her safety, that all is enough.

[What will you do? Yoshinobu-kun]

[Uuhh Uuhh]

Yoshinobu held his head.

By the way, because of the reason that 『If she used polite way of speaking that will oppositely make him nervous』 , right now she used a casual way of talking.

『Rather, if she called him while adding -Kun, it sounded like he was talking with the girl in his class and made him excited 』 or so he said, but she didn't quite understand about it so she ignored it.

Although it's not like Rimino resented or felt unpleasant with Yoshinobu.

Even her, when remembered the time when she got throwed at wasteland without being able to do anything, she ended up feeling sympathy to him.

[But, the girl you like, is in the same place with another man you know?

..... Do you not feel anything, Yoshinobu-kun?]

[The, there's no way , I don't feel anything]

[Even though, when we talked about this at noon, Yoshinobu-kun looked eager to that extent]

[Even I, will become something like this is !]

Yoshinobu clenched his fist.

Just open the door, then shout [Wait !].

Even though it's just something like that.

[I am no good]

Yoshinobu mutter.

While feebly hanging his head.

[It's always like this. At the crucial time, my body freezes and can't move.....

Even during middle school I can't decently go.

As I show up my face after a long time, everyone from the class all at once look at my face.....]

At what he is said, Rimino can't even understand half of it.

But even so, she understood what he complained about.

[Even at the high school, I think that it will become a fresh start so I will do my best, but it was futile.

That's why in the end, for me even in the other world is impossible.....

Surely Isagi-kun, also Lolishia-chan too, will look at me with reproachful eyes.....

For me, who can't just simply open this door]

[Yoshinobu-kun]

He must have felt frustrated.

He ground his teeth.

To this young boy Rimino is.

[Rimino doesn't understand]

[Eh?]

[Rimino doesn't know anything about the past but...

Right now, it's about what Yoshinobu-kun wanted to do right]

[Rimino-san]

Even Rimino was like that.

In these 20 years, after she heard that Isagi had been gone, she never spent her day without regretting about it.

But even so.

Since now she was able to meet with him again.

She determined, that she will never once again waver.

For the sake of Isagi and her kingdom, she will continue to live.

That's why, when she saw Yoshinobu, it seems like she saw herself when she was still in the kingdom.

Herself who was tormented with a sense of helplessness, and was captured at the royal palace.

An elf princess is someone who is more precious the more powerless she is. It doesn't matter how great their talent or intelligence they had.

They were just a bird inside a cage that cannot live without their master.

Beautiful, and then those incompetenceness is the one for sure, the one which appease a man's pride, thus raised the Elf noble value.

The princess Rimino and below her, lived with their power to fighting called as black magic and swordmanship were snatched away from them.

But, she will not return to that time again.

[EEE~~ iii , ah really, too slugish !]

Rimino threw open the door.

Even though actually herself didn't want to see it.

The appearance of Isagi and Lolishia entwined together on the top of the bed came into view.

Spontaneously, she felt her heart squeezed tightly.

(Ah really~ ! Because we were too slow !) [Higyaa !

What what, reward ! ?] - yoshinobu (TL : or so it seems)

She kicked Yoshinobu inside.

And then after that ,Ah, so she realized.

(This is no good right !

Even though Onii-chan and Lolishia-chan look totally like are gonna do something delicious !

We weren't suppose to bother them doing that right !)- Rimino

By mistake, in front that indecisive attitude of Yoshinobu, she ended up doing something according to her emotion.

It can't be helped. This was also the result of following the voice of her heart.

When Yoshinobu saw Isagi's and Lolishia's state, it seems that the blood went up to his head.

As he got up, he changed completely from not long ago and he dashed without hesitation.

[Uh, aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa !]

Yoshinobu while waving his hand around jumped over toward Isagi.

Isagi promptly thrust away Lolishia, and kicked away Yoshinobu.

[Wha, what you bastard - . I am right now gonna do some good things with this lady you know - .

Do, don't bother me bastard -] - (monotone)

Even if it's monotone it's good thing.

Rimino went to beckoning Lolishia.

[Co, come here, Lolishia-chan !]

[Eh, umm, eh, the service ?]

[Yep, it's alright, it's already alright !

Umm, that, ah that's right ! Since Yoshinobu-sama has already came to save us after all !]

Although she who's half naked hesitated a bit.

However, immediately she dash over this way.

And then, she jumped out towards Rimino's chest.

[O, onee-sama !]

[Yep, here here, it's must be scary right, it must be scary right]

Isagi is being told to 『Attacked her just like a beast』 as much as possible.

How envia..... no no, how pitiful.

On the other side, Yoshinobu striked Isagi just like he lose all of his restrain.

Isagi roll over the bed, came down to the floor.

By the way, though he was wearing a shirt over his top half, he didn't wear anything on the bottom.

He was complete exposed.

Even while protecting Lolishia, Rimino will never overlook that one scene.

Yep.

..... it's great.

Let's burn it to memory, or so she thought.

But.

[O, oi, Yoshinobu ! You, seem weird you know !]

[AAAAAaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa!]

[What are you doing !]

Because of Yoshinobu's fist that's striked to the ground, it smashed the floor.
That shock surely will resound inside the Demon Lord castle.
Isaigi moved his body from the place he was before.
And then checked over Yoshinobu who raised his hand.

[I undertand ! It's my fault ! I'm the one who's wrong !
I will not put my hand over Lolishia once more ! That's why please don't kill me
!
Please spare only my life !]

That was just some kind of act.
However, Yoshinobu didn't stop.
The tattoos that's engraved all over his body shed faint light.
By any chance.

[..... The sealing tech is on rampage ?]

Isagi murmured with a cold voice.

And then, Rimino again.

[..... Onii-chan will get killed ?]

Her heartbeat sprung.
Her pupils widen.

---- 20 years ago.

---- She flashbacked the memories when she heard about the news that Isagi is died.

She blamed herself to not taking care of him at his death bed.

She should just followed him until the end.

At the time she appeared at Isagi's state funeral, she talked a bit with Plea.

『He is still alive. I promise that I will surely save him』 she said.

Plea at that time, had the determination that it looked painful.

Different from herself that was only able to sob, she focused on what she was able to do.

----- She doesn't want it.

----- She doesn't want to come back to those time.

Throwing Lolishia away, Rimino started to dash.

Isagi and Yoshinobu.

Toward the center that connect between those two.

[Onii-chan !]

Yoshinobu drew his hand.

The throb of his hand to the extent it made a *snapsnap* sound.

He is unconciouss.

That's why. ----

[Don't come ! Rimino !]

Without even listen to isagi's shout.

The powerless Elf princess, stood in front of Yoshinobu while spearding both of her hands open ----

Isagi train of thought went into overdrive.

> Give a blow to Yoshinobu.

Make him faint with one blow.

It's unknown if this way is effective toward him who's on the rampage.

I can't be going easy, but it's possible that it will end up killing him.

----- no

>Protect Rimino

The true nature of the magical power that he emits is unknown.

If it's the thing that scatter around the room, it will hurt Lolishia.

> Use barrier magic.

It is unkown if Isagi's black magic will be effective.

----- no

> Use the "eye"

Possible to cover this entire area.

If seen by someone then his true identity will be exposed.

However its certain.

----- All Clear.

Isagi tore off the eyepatch on his left eye.

At the same time when Yoshinobu thrust his hand and howled.

Isagi raised his left hand, and declared.

[I will behumble with you., you know ! LAST RESORT]

Rimino : Regreted about herself in the past. The news on Isagi's death become trauma for her.

Yoshinobu : In the middle of Berserk.

Isagi : Use his "eye". Currently in the middle of exposure of his lower half.

Lolishia : It seems that as expected didn't want to do Yotogi.

Yuusha Isagi no Maou Hanashi

2-7 Let's Think About Something Difficult . Me from now on.

Rimino was prepared for the attack that she expected to come.

The girl eyes that closed tightly, slowly opened.

[.... e, eh?]

And then , Yoshinobu who's rampaging until some time ago,
collapsed in front of her just like his strings has been cut.

[Oi]

[Ouch]

Feeling a dull pain on her head, she turned her head.

Over there, standing Isagi who's holding his eyes with a complicated face.

[Don't do something dangerous okay, Rimino]

[O, Onii-chan]

Rimino stared over Isagi from top until the bottom, then made a sigh of relief.

[Okay nowhere, nothing happened right]

[Of course]

[Truly, thank goodness !]

[ah, oi]

Though it was right in front of Lolishia, Rimino without minding about it, hugged him.

She was worried to that extent.

[..... Onii-chan, onii-chan

Don't go, don't go anywhere, don't go]

[..... Rimino]

Rimino who rubbed her head on Isagi's chest,
though she understood why Isagi didn't have any answer.
However, Rimino still wanted to feel Isagi's warmth.
Then.

[..... hmm?]

[Ngua]

By the way, Isagi still didn't have anything on his lower half.
As she randomly stretch her hand, she ended up grabbing something.
Just like that she kept stroking.
It's a long cylinder shaped thing, That is hot and hard.

What is it?

[Wait, ummm, Rimino]

[hmm?]

Isagi who made a face of unpleasantness.

In the distance that he can feel her breath, Rimino smiled sweetly.

[Onii-chan. In the end, Onii-chan wasn't able to do it until the end with Lolishia-chan right?]

[A, that. Of course]

[Then~.....]

She brought her face near towards his ear, while blowing a long breath, said

[..... Just once at this place, why don't Onii-chan let it go?]

mishiri, with such a voice Isagi stiffen.

Faster than before he wasn't able to shout anything. Rimino separated with a smile.

[Well, it's just a joke , just a joke okay ~]

[Rimino]

[Lolishia-chan, please help carry Yoshinobu-sama !

We also have to clean the floor. Ah, Onii-chan wear a trouser before everyone comes okay]

[Ah, aah]

Even while being overpowered by those vigour, Isagi still nodded.

From somewhere there's a loud voices with footstep that could be heard.

Surely the soldiers of this castle are rushing to his place.

At the time when Rimino left the room, she gave Isagi a slight glance.

(Onii-chan)

To Isagi who's alternately seeing the hole on the floor and Yoshinobu.

While seeing him, she thought.

(..... Rimino also, wanted to become someone who is able to protect onii-chan)

Raised as a powerless princess.

The first time she saw him.

If she was able to follow him on his adventure.

How happy she will be.

That's why she was jealous.

To Plea, someone who's able to adventure together with him.

To Plea who is even now is always on his mind.

She was so jealous of her, to the extent she felt like that her chest was about to burst open.

Even though it will get harder to breath.

However, she will do her best.

After all, the one who decided on the one sided love was herself.

Even if he will never turn around.

She will be able to stand by his side.

(Yep, but Rimino just needed to start again from here, right..... ?)

Thought they intended to do this in secrecy.

but in the end, Isagi had to explain the situation to Ira who rushed toward his place.

About Yoshinobu who suddenly started rampaging.

About him who smashed the floor in one hit, and just like that he fainted.

Looking at the hole which go through until the floor below, Ira knitted her eyebrows.

[..... I'm sorry, but I don't know.

Even for us, we don't understand the structure about the seal technique.

Maybe it has a connection between the user's mental condition with the demon's seal ...]

or that, Ira speech.

Just like her, it seems that Shirbenia also didn't know anything.

Maybe, this problem will bring a big effect afterward.

But, right now there's nothing they able to do.

They moved Yoshinobu to another room. At that place he immediately opened his eyes.

However to take precaution, he had to rest one full day.

There was Lolisha serving by his side.

Rimino inspire her.

she said [Yoshinobu-sama is fighting to protect Lolishia-chan right]

Though, it seems that she didn't quite remember the thing that happened at that time.

However, it was something that gave an impression to her.

The distance between the two has become shorter Though if that happens then it is good.

Also, Rimino's state, once again changed slightly.

Several days after the Yoshinobu rampage incident.

From outside of the window, the bellows of Ira training the soldiers can be heard.

More or less, even in this castle there's something like soldiers.

It must be the thing that Dyutyu said, they're the ones who're borrowed from five demon commanders.

Though because of that, they're not a decent war potential, but it seems that each of them are ex-thieves.

It's not mistaken that re-making the ruined soldier is something that's not easy.

but, rather than that.

[So it's like that, the necessary attribute to use white magic and black magic is the imagination power to draw your own wish. Also the power to implement those to strongly pray for those thing to pour the magical power. Those two things nano.

Take a note, you must properly take a note nano]

clack clack The chalk runs along the blackboard, the teacher Shirbenia.

That room was something like a school.

it was no doubt that this is also the culture that person from another world bring.

It seems lately, Shirbenia's biorhythm is always on the stable side.

She hasn't suddenly fire black magic just like before.

It seems as expected because of being suddenly surrounded by four humans, it was a shock for her.

The usual her who's calm, is just like a kid.

though there's also very much of a troublesome side too.

[The superior demon lord candidate irritatingly greatly have more magical power than me nano.

That's why there's no things that you aren't able to do nano.

It's unfair. Totally unfair nano. Just do like what I teach you nano]

It feels that Shirbenia is not quite good at teaching.

However, for them to be able to do mostly what she teaches is one of the amazing things about the seal technique user.

The class truly made progress smoothly.

[Muu ~ It's quite hard eh]

Just excluding one person, Rimino.

That girl suddenly 『Rimino too wanted to learn about white magic and black magic』 to Isagi.

It seems that she already got an approval from Dyutyu.

Thus since there's no reason for Isagi to object her, just like this now they are taking the class together.

In the front row there's Shuu, on his side there's Isagi, and then on his side Rimino.

Turn around to the back there's Yoshinobu.

And then a bit to the back there's Yankee, that was the seating order.

Yoshinobu's physical condition has already been greatly restored.

It seems that he doesn't remember about himself when he rampaged.

He knows that he raised his hand toward Isagi, so he repeatedly apologized.

『From now on my mental will get stronger !』 so he said, thus for quite a while he meditates.

Let's leave that alone for now.

[Since there's a new student entering the class after all, we will take this chance to review once again

The thing called as magical power, is the world weird raw power. If you're a demon race then it is the power that you possess. Whoever are you nano.

But it's a big mistake to think that everyone will be able to use black magic nano.]

Shirbenia *pyonpyon* jumping, while she wrote at the upper part of the blackboard.

As it's tilted to side it's really hard to read.

[Our world is consisted of four layers.

Physical world, magical world, soul world, and god world.

These four worlds exist pile up over each other, thus it's this Arborists.

The physical world is just like it's name implies. It is the world where our physical bodies exist.

There's the magical world which is really unstable that's interspersed with the spirit world nano.

Let's just leave aside the god world nano. In the end it's just something as theory, the world that is just a theory]

Shirbenia drew a diagram.

It's a diagram of a threefold line that's surrounding a person. They topple each other.

[The power for accessing this magical world is the one that's called as magical

power.

Look closely nano.]

The moment she said that

Shirbenia, threw the chalk to the floor.

The chalk was destroyed into pieces. The fragments scatter everywhere.

Shuu easily caught the chalk that flew toward his side.

On the other side, Yoshinobu leaked an [Ouch] voice.

[Just as you see, the chalk is broken nano.

This is my physical strength.

The power for breaking the thing at the physical world nano.

Then the thing that is called as magical power, is not wrong to call it as a physical strength inside The magical world nano.

The magical world is really unstable, with only just one blow of a breath it can bring a great amount of energy nano.

The raw power absolutely cannot be used.

Over there, there's filled with the direct order toward the magical power.

Okay, the one who can see it please raise your hand high nano]

Shirbenia raised one of her index finger.

Thus, everyone except Rimino raised their hand.

[Eh, ehh?]

Rimino who's checking her surroundings in confusion.

Shirbenia without even a hint of finding it amusing nodded.

[This is the real way to use magical power.

Carefully write the order ----- Code in the physical world toward the magical world by force, then it'll become a passage that connects the physical world and then because of the reciting then it'll shake the magical world, and it'll stimulate the energy to explode instantly, transformation on a phenomenon. That's the mechanism of the black magic nano.

By the way the chant word is up to you. the one which is important is the code.

If you get the code wrong then the black magic will not activate after all. On the contrary at the case when you insert the code and it damages the magical world, Boo~m.

The sorcerer will receive the black magic spontaneous discharge at point blank range. Of course you'll end up dead nano]

[ueeh]

Rimino face became pale.

That's right.

This is the true reason, that even though Isagi holds a great amount of magical power, he isn't able to use any magic beside the basic magic.

Isagi until the end, wasn't able to understand those feeling of writing the code.

This is something similar as something like drawing a picture.

The time limit before the code diffusion is ten-odd seconds.

and Isagi is unskillful with such kind of brushwork . It is a lethal thing for a

sorcerer.

Even when someone draws unskillful drawing for several hours, it will be no match against the drawing that a really skillful person drawing in a short time.

That's to Isagi, the thing that is called as black magic.

By the way, Isagi is actually bad at drawing.

At the art lesson he was always left alone until the end.

This is again, can't be helped.

[By the way, is there someone who is able to decipher this code?]

Isagi concentrated into one of his eyes.

To be able to see the black magic code, it the basic principle of the fact that you're a sorcerer.

In this case, even though he doesn't have any experience as a sorcerer, Isagi is still able to see it.

This skill is called as 《magical vision》, it is an indispensable ability even for a swordsman.

However, whether he is able to understand it or not is a different matter.

Even though Shirburnian handwriting is extremely bad, the code which she drew is something that is so beautiful.

If it's a swordsman, then it's a same thing by exchanging blows to roughly grasp an opponent's ability.

The way to guess a sorcerer's ability is not with their magical power, but the code which they draw.

(Totally don't understand)

Among the four element, if the code is inlayed with a rune that express fire, then it can be understood that it was a fire black magic.

The next the fact that reduce of it's power, the range into minimum.

It's not something for attacking purpose, to that extent he understood it.

Above that it cannot be understood with knowledge, sensing is needed for it.

[Yes, sensei !]

Over there, Yoshinobu raised his hand.

He said with delightful face.

[That black magic, is drawn with a beautiful spark pattern, it's a fire black magic right !]

Shirbeniea just like her usual sleepy looking half opened eyes.

mutter.

[Correct]

With that one word she shook the magical world, and thus incited the energy explosion.

The code shed light, then bursted out.

Right before Yoshinobu's eyes, there's an outbreak of small mass of flames. It's scattered around and changing into various different colour.

[Hot, hothothothototot!]

Yoshinobu flapped his hand while screaming.

That was a black magic that is very similar to the thing that's called as 『Firework』 in Isagi and the others world.

[Hie~ will Rimino be able to understand this ~]

For black magic there's another different technique to use.

black magic also has other various techniques.

Writing several codes at the same time, multicast technique.

Drawing many codes beforehand, at the time when the opponent enters the range then manually the user will activate the black magic, installation spell cast.

Drawing the complete picture of the spell beforehand, after the opponent fires off pointless shots of black magic or white magic then the user will write the key to activate the spell, counterspell cast.

The way to decide the end is boundless

Even so, there's one sorcerer that demonstrate the outstanding sense, among the people in this place.

[Hii ~ Shirbenia-sensei, seriously scary]

That is Yoshinobu.

Certainly he said that his hobby is to draw.

It means that he secluded himself and then everyday he practiced to draw cute

pictures.

Maybe it was one of his motto to say 『 Aim for self-sufficiency !』

Though it is quite hard to understand, but surely he has talent for it right.

He is a natural sorcerer.

Rimino : stopped being the bird inside the cage, decided to join the magic class.

Isagi : though 'that' got grabbed it's not cheating. No count , no count !

Yoshinobu : sleeping on the ground below Isagi and Rimino and Lolishia.

Shirbenia : extremely talented first class witchcraft user . The talent to teach other none.

Magical eyes : The ability to see code. The basis of technique user.

Yuusha Isagi no Maou Hanashi

Changing in terms ~

Sorcery - > Black magic

magic - > white magic

Witchcraft - > sorcery

Just that ~ sorry if this brings any confusion to the reader *Anonaway and I will change the past chapters sooner or latter well then bow*

2-8 Demon Lord Candidates' Study : Magical Ritual Part 1.

Isagi also attended the black magic class.

Different from swordsmanship, black magic hardly got better with the user experience.

Actually, Yoshinobu and the others, already are able to use magic far better than Isagi.

As expected for this kind of thing, it cannot be expressed without sense.

Though Yoshinobu is just as it can be seen, Shuu also is able to use black magic quite well.

For Shuu, he already possessed the ability of a first-class sorcerer.

Yoshinobu is at the level of an elite sorcerer. Surely he can match even the imperial court magician.

As expected, the difference between their amount of magical power with a common person is big.

They're able to draw the code for even several tens of minutes or even several hours.

They also are able to practice as much as they want.

If put into an example, then they have all of the tools for drawing a picture present before them, and they also have an infinite amount of time for drawing the picture. Maybe it's something like that.

Though for Isagi who's just an ordinary person, he supposedly boast of an uncommon magical power quantity, but even so compared to these three then he is considered having low magical power.

But not less than Rimino. It's an everyday activity that makes her about to collapse on the table

and be out of breath. There are beads of sweat covering that smooth skin of hers.

[Uuh I'm, I'm tired]

With just using sorcery for 20 minutes, this is what happens.

Even though the tribe called Elves, is the tribe that has more magical power compared to any other tribe.

Though, what Shirbenia said about it is.

[This is how you guys are supposedly become like nano. You guys are insane and it's not fair nano]

Or so she said.

She muttered so while being sullen

For a beginner to learn a magic, generally speaking, the time is insufficient. The time given for black magic per day is 20 minutes. If one is able to write one code in just 10 seconds, then theory-wise they will be able to use sorcery 120 times in a battle in a day.

However, with only just 20 minutes of practice a day, and wanting so that one's able to write a code in 10 second, needs at least 20 years of practice.

If there's someone who is able to practice like this for 12 hours a day. What will happen then?

It's not simply a 36-fold of the differences. They will be able to quickly catch the theory on a long time practice. 100-fold, or possibly they will be able to master it faster than that.

That is the cheat that the Demon-lord candidates have.

(And so, I'll try doing my best from the basics....)

It's decided that Isagi will learn about black magic again from the basics.

Black magic, purpose-wise, is something quite convenient.

If one can remember barrier magic, then there surely will be a life that can be saved by it.

This environment where he can quietly learn about magic is different from three years ago.

After all, at that time he only wished for the utility only.

[And so, today I'm thinking we should learn about a new thing nano but, before that umm]

Shirbenia knitted her eyebrows, and stared over Isagi.

Even if you stare at him...

The seating is different from yesterday. Shuu stepped back one seat behind.

and then in exchange, there's Dyutyu sitting over there.

[Ufufufu , I'm excited , *excited*]

Clapping both of her hands, it was the daughter of the demon emperor.

It looks like that it has become something difficult and unusual for Shirbini to do something.

It seems that this girl also has some people she can't deal with.

[..... What are you doing here nano? Dyutyu]

[E~h , after all everyone looked like they're having so much fun. Ri~ght , Rimino-chan?]

[Even though Rimino didn't come here to play uuh....]

[Isn't it alright, please let me join to , *right*, Isa-sama?]

[ummm]

Frankly, this never crossed his mind that this princess will come to the black magic class.

It felt that she will fall asleep 5 minutes after the lesson starts.

[I can't wa~it . *Hey* , Shirbenia-chan, what we will play today~?]

[.....]

For a moment Shirbenia withdrawn herself while pinching the brim of her hat. Is this perhaps she ended up secluded herself in her own world, or so. Isagi became slightly worried.

But, after that

grasping chalks with both of her hands , she thus started to write on the blackboard with terrific speed.

While everyone was dumbfounded, she kept on writing something that looked like a sorcery-code packed with complicated words.

Despite the fact that she used two chalks, those complexity seems like that fine

details was one of her secret techniques.

In around ten seconds Shirbenia finished writing.

As she put the chalk down, with cold eyes she order Dyutyu.

[Dyutyu, you have to decipher all of it without any exception of this nano.

Unless you able to finish it you mustn't get out from this room and if you come out I'll kill you until you die.

Then, for the others, today we will do the lesson outside nano]

*clap**clap* with that she prompted everyone to get out of the class.

In the middle of when the students were in process of getting out from the room from behind, the cry of Dyutyu's sorrow can be heard.....

and so, it's the usual courtyard.

Even though it's a class under the nice blue sky, Shirbenia looks like she is always in displeasure.

[Today we will try to learn about white magic nano.

Even though it so bothersome but there's also request about this too after all]

Rimino who sat at the most front row nodded her head repeatedly.

It seems before Isagi realized about it, Rimino already got completely absorbed in magical rituals.

Leaving that alone.

[Black magic is a power using the magical power to disturb the magical world. Then, what about white magic]

As usual, shirbenia was using an invisible brush, and started to write the code into the world,
but that is just a drawing that got painted.

[This is one kind of white magic, the most simple <<barrier>> nano]

[Eh, what is this ~ ?]

Rimino inclined her head.

[Wall come come]

With that voice Shirbenia activated her barrier.

and thus the border of the world waxed with a pure white radiance.

[In other words, it's about defending the explosion of the energy at the magical world, with the same explosion.

This is what is called as barrier nano,

but even so, if we keep it just like this then it lacks power. So if you are aiming for further above, you need to write more.

But for barrier tech, I think for someone who learned about black magic then they will easily get the knack of it nano.

Since the code is really easy, then when the time comes when two tech users at the same level fight each other, then black magic will always lose to white magic nano.

As for black magic it has to be written in various kinds of order.

『Fly』,『Aim』,『Faster』, 『Sharper』, it needs a lot of code nano.

However, since white magic is something that can be done with just one code 『Protect』thus it's easy as a pie.

That's why, for black magic to defeat white magic, then a lot of practice is needed.]

The white magic's barrier tech and black magic is basically the same thing. The black magic that is used as a protection is called as white magic. Such classification is not wrong.

However, there's one only exception.

[However, the healing type tech is something different nano]

Both black magic and white magic, is a magical ritual that connects with the magical world.

Be that as it may, only healing tech is only different.

[That is a forbidden tech. So that we will be able to meddle with the spirit world, it will dilute our soul until it's possible to do so nano.

Although that magical power is a power that meddles with the magical world, but exceeding that there's a spirit world(or soul world) nano.

For that, it needs to write a code at the magical world to go cross the magical world

and then arrive at the spirit world. Over there we tech-user will hand out our soul to the soul over there.

This is healing-tech.

A limited one-way ticket forbidden-tech.That's the true form of the healing-tech]

Rimino opened her mouth wide, as she kept on listening attentively toward Shirbenia's explanation.

Shirbenia knitted her eyebrows. After that she started to write the code.

[..... Umm, this is healing-tech]

As expected it is really complicated.

Furthermore, the inner composition is totally different from black magic.

[On the top of that, the healing-tech user will shave their own soul, so it's not really recommended to use nano.

Though with magical power one will be able to fix it to some extent, but if the soul got completely shaved up then the user will dead.

A healing-tech user that has excellent sense is something that is as important as an axis magician]

[So it's like that]

Shirbenia straightly told the truth.

As expected Rimino's expression became dark.

In this world, something that came out from an RPG, the literal healing magic doesn't exist.

A healing-tech is in the end just something that is used for boosting the target's life force. It can't do something like healing a wound.

It will give no effect on a cut or a graze, or maybe body part loss and such.

Everything, is just to boost the recovery speed of the target.

Of course, something like resurrecting someone from death is also impossible.

Just like that detox is a white magic that pinpoints and stimulates the resistance against the poison. However, it cannot remove that poison itself.

While the healing-tech user(priest) is someone who use healing-tech, it can also be pointed to someone who use cure-tech.

The one who heard those things and is surprised, is not only Rimino.

[.... In other words, if you by chance get injured and your finger gets blown off. It'll stay just like that?]

[Of course nano]

Toward Shuu's question, Shirbenia nodded.

Continued with Yoshinobu.

[Eh, then, it mean that you will remain dead when you die?] (TL : people die when they're killed)

[That's obvious nano. It's something that is so obvious nano]

[*Gaa---n*] (TL : sfx for dejected)

Yoshinobu who jolted his head as he received a shock.

Shirbenia added another thing.

[But then, if it's just a finger then if you keep pouring healing-tech over it then maybe it'll somehow grow again..

The soul will get back into it's former shape after all.

But I think it'll take a quite long time]

Knowing that, was not quite comfortable.

Once again knowing the harshness of this world, Shuu and Yoshinobu made a sorrowful expression.

Though only Yankee who's as always sitting at the place separated from them, made a disappointed expression.

[After this, I want the demon lord candidates-sama to choose the ritual that will become their own speciality nano.

Is it fire or water or wind or even earth. Maybe tracking or AOE or maybe something long range or rapid fire type.

Maybe barrier or healing or even reflect, multicast or maybe continous-cast even quick-cast.

Anyway, to win against the black magic that the adventurers use, the important thing is to find what is the strongest power of yourself nano.

In the swordsmanship aim or all-rounder, in black magic aim to become an expert.

This is the proper practice of battle nano]

Fwip, Shirbenia pointed her finger towards everyone.

[And so, all of the important people of the demon lords candidates.

You have to understand your own battle style, and before long you have to decided the path you aim at nano.

Quickly Quickly]

Just like choosing a desired course.

For example, for shuu who's good with the sword then it'll be more useful for him if he learns barrier-tech.

If he had earth or wind tech to obstruct the opponent's movement, then surely he can dominate his opponent even more.

In contrast for Yoshinobu, he isn't quite skilled with clashing swords with the opponent.

Then it means that he needs heavy use of fire sorcery. He will be cut out for a sorcerer that won't give an opportunity that his opponent will use.

For Rimino, it seems herself wanted to polish her skills centering at white magic. Though it will not be at the level of the demon lords-candidate, but it'll be great if she is able to get into her target, or so Isagi thought.

and then.

[.....]

Even when Yankee heard Shirbenia's talk, he kept silent.

He already got a late start in swordsmanship. Furthermore his ability at sorcery is not something that's satisfying.

Isagi thought, that he must also felt impatient inside himself.

or so, Isagi realized.

[Shirbenia, now that I think about it, why did we go out?]

He thought that it will be a practice to defend black magic with white magic magic, but it seems that's wrong.

and so, Shirbenia nodded with a triumphant face.

[Dyutyu is noisy nano]

[Even there's a limit for being honest]

He was astonished. It's none other than astonished.

That night, Isagi opened his eyes detecting someone's presence.

There's a plank placed on the floor. It's the result of the room after gotten temporary repairs.

By the way, Yoshinobu still lives in the different room.

Since it'll be dangerous if the sealing skill runs wildly once again, he is now, under the surveillance of the soldiers.

That's why, maybe it's Rimino who snuck into the room ,or so Isagi speculated. Although recently, she has always been using black magic until she collapsed. On the top of that she had to finish her job as a maid, thus because of that she sleeps like a log at night.

But even so sometimes she wanted to take a breather, or maybe it's something like that.

As Isagi opened his half opened eyes while waiting, the door slowly opened. Someone, while concealing their footsteps came closer to him.

What should he do.

Maybe he should surprised him.

However, he quickly realized.

It's not Rimino

[..... Oi , you wake up right]

It was Yankee.

[Why are you here?]

As Isagi raised his body, Yankee turned back.

Even in the dark he understood.

That Yankee slightly blushed.

He can also feel that Yankee's body temperature slightly raised.

Eh, wait.
It's a lie right.

As Isagi body become frozen because he felt a bad premonition.
While his hands still inside his pocket, Yankee said.

[Do you want to go out with me?]

It was a straight ball.
Manly.

In some way Isagi felt admiration for him.
What a guy.

About Yankee, Isagi never saw Ashikaga Renzou directly from the front.
However, he is actually quite handsome.
Even his long slit had it's own charm
Granted because of his rude way of talking and wild image, it's hard to notice that.

In addition, his body's musculature is well-proportioned
He is also tall.
If it's in the present-day Japan, then surely he will be crowded with girl.
Saying it frankly, Yankee has a good appearance as a man.

That kind of guy said to go out with him while blushing.
Isn't this perhaps an emotionally touching situation.

Furthermore since he came to this world, he always lived as he was never concerned with anybody.
Even the time when he exchanged words with Shirbenia or Ira. He did it with the bare minimum.
He didn't even try to get closer with Shuu or Yoshinobu.

That kind of Yankee, opening his heart toward Isagi.

It can't be helped that Isagi ended up thinking that this have some special meaning behind it.

Well, about this and that, everything.

That the case if Isagi is a homosexual.

(So it's like this.

I decided, that until I am able to certain that Plea is save, I'll never cheat on her. However, if it's among men, then it doesn't count as cheating, is that so)

He came to an understanding, then nodded.

Wait wait.

There's no way that's alright.

After all, if it had to be something like that, then Isagi will choose a better opponent.

If he had to chose, then Shuu is more preferable for Isagi than Yankee.

After all Shuu is a handsome guy with a feminine face. The smile he always made look gentles.

Isagi never seen he angry.

In the present japan surely he is a popular person.

it's different story when he has to embrace Shuu, but with Yankee it's a bit....

Well, if he have to actually embrace Shuu then it's a no.

Isagi is normal.

and so.

Isagi bow his head.

[I'm sorry, Ashikaga there's already someone, in my heart.]

[Haa?]

Yankee's face warped as he asked back.
but then, he suddenly realized what Isagi meant.
His face became deep red and then shouted.

[It, it's wrong dammit ! Are you a fool hah ! ?]
[S, so it's wrong ? Then it's good.]
[What weird thing did you imagine!? . Are you a fool?]
[But you know Ashikaga, you looked quite serious about it after all]
[kh !]

Yankee scratched his head while looking like he was feeling annoyed.
In these several weeks, even his hair had the black part increased quite much.
It's the so called, pudding head right. (TL : watch "ore-tachi wa tomodachi ga
sukunai ~ kodaka (MC) have pudding head. - correct me if I got wrong XD)

[Why do I have to this kind of guy dammit]
[Then what? Ashikaga. Where should I go out with you]
[For now, It's okay to just call me as Renzou]
[Is that so, Renzou]

Yankee ---- revised, Renzou point to the outside with his chin.

[Get out, Isa]

While Isagi looked up to him, he thought.

Is that so, so this isn't an invitation to a date.
but was his challenge to fight, or so he thought.

Shirbenia : Sharp tongue. The skill to bully Dyutyu is high.

Dyutyu : Seems to be someone who's annoying. Got leave behind alone and then
she cried.

Renzou : A man with nice muscular body. But have puddinghead.

Isagi : Got attacked by Renzou in his sleep. Though his preference is Shuu but he is not a homo and absolutely not a homo okay. What are you saying there's no way I'm a homo and isn't it the matter of course that I'm not a homo in the first place what is homo mean I don't understand it okay after all Plea is the only one for me also my heart throbs when seeing Rimino or Dyutyu alright it's different from homo I'm normal I'm totally normal okay too normal maybe after all Homo is just an urban legend after all oi stop it fool let's just quickly end this chapter okay. (TL : Isagi said this while flustered thus there's no spacing XD)

Yuusha Isagi no Maou Hanashi

2-9 The One Who's Potentially a Beast.

[Watch from there.]

The courtyard was bathed in moonlight.

Renzou was naked on the upper half of his body, and started to swing his sword
It meant that he was always repeating this act every night

[How bout it?]

[Hmm]

[.. Bastard, from what Ira said, don't you have some amazing eye, Isn't it?]

[Aah, the examine eyes eh]

His eyes behind the eyepatch slightly thorbed.

Isagi made a big nod.

[Well yeah. Hence, because of that you took me here. Right?]

[Aah]

So it's not a battle. Thank god, or so he secretly felt relieved.

After all, Isagi didn't learn any swordsmanship here.

If he had to follow the setting, then there's no way he will be able to win against
Renzou.

He will end up having to forcefully try to do various things.

Though he didn't quite understand what those various things are.

[Good grief, what will happen in this world dammit]

Renzou threw a spit.

[Why, did I fall behind to those guys I am you know, even though the first thing that I have to do is go back to our world no matter what happens you know.]

Indeed it's weird or so Isagi thought.

Not to mention Renzou against Shuu, even his growth is slow even compared to Yoshinobu.

He must have also been putting a great deal of effort in this.

Even the practice he does every night, that's true.

While Yoshinobu made Lolishia hear his『the great novel idea that I thought 』, he continued to swing his sword.

However, even with that it still can't be reached.

For sure, for Renzou that's a thing that he couldn't bear.

That is why he almost never talked to anybody, even Isagi got dragged into it.

His attitude that will not choose the way to for the sake of his goal, Isagi gave a salute.

In some way, it was just like Isagi three years ago.

Isagi at that time, didn't have any other tech other than to get stronger.

If it is not like that, then he wouldn't be able to protect Plea, or so he thought.

In the quiet night the cry of an animal was heard somewhere.

Also, the sound of a ken cutting the air resounded.

As Isagi, still sitting cross legged, he looked up towards Renzou.

[Hey , Renzou]

[Aah?]

[Can I ask you one thing?]

[What a noisy guy you are, what ?] (TL: Tsun)

[I wonder, why are you so desperately trying to go back like this]

[..... Tch]

A silence, fell down between the two.

Where in the world did Renzou's spirit strength come from? Isagi wanted to know it.

Surely he wouldn't easily open his mouth.

For these 3 weeks since they were summoned into the world that's unknown to them, he completely never let his guard down and continued this training. It's a mental power unbecoming for a highschool boy.

At that time, when Isagi thought, as expected he wouldn't talk about it right.

[In my house]

Renzou started to talk slowly.

[There's Ayumi you know]

[..... Is that your wife?]

[It's not stupid]

Nevertheless Isagi never intended to make a fun of it.

As Renzou faced right in front him, he swung his sword.

[It's my little sister. We're not blood related though. Well, that doesn't matter right]

[Hmm]

[What]

He glared sharply.

Isagi frankly told him his thought.

[Well, if I say it maybe you'll shout at me again but

The motive of going back is for the sake of your little sister, somehow it's unexpected. That's what I think you know]

[Try to hide your true feeling a bit you idiot] (TL : baaka~)

[Sorry. I'm at loss that I always have this kind of personality]

[..... Good grief. I don't understand what are you thinking ,but it is still better than the other fellows though]

Renzou looked over Isagi's side.

Even that sidelong glance which always look like that Renzou was glaring at him, now Isagi received a strange and gentle feeling.

In addition, is it perhaps because there's no one looking.

[..... Pops and mom are already gone]

[Eh?]

[Pops made a debt and ran away. Mom disappeared with a new man. Those guys are like trash]

[.... Is that so... That's also hard eh]

Both of Isagi's parents, died at the same time in a traffic accident when Isagi was at his first year of middle school.

Which is better when he wondered.

No, there's no need for thoughts like that.

Renzou click his tongue.

[When I talk with you, my rhythm become a mess. Dammit]

[It's okay once in awhile. Right?]

[..... Well in the end, I ended up taking care Ayumi]

[Aren't you a good brother]

[Hah, from what aspect]

This time he seriously glared.

Renzou threw up words as if he mocked.

[With my earning we can't even live properly.

Even though Ayumi is still a first year at junior high, she is already working at a newspaper delivery you know.

To make matters worse, our house is a 6 tatami double room. A dirty rundown apartment.

I didn't even know whether if she will be able to continue into high school..
I'm a trash like brother you know]

Renzou swung his sword wildly.

As if there's something that he has to defeat at that place.

However, Isagi told him.

[You're a good brother you know, Renzou.

To be thinking about her that much, your sister must be happy. Right?]

[.....]

Renzou lowered his wooden sword, and then looked up towards the sky.

His upper half looked as if it was wet.

The sweat flowed down, and created a pool of water at the ground.

While he breathe heavily, he muttered.

[..... You too, speak something like what Ayumi said eh]

[Haha]

[Is there anything funny in this hah]

[Then you should accept it already. Don't become stubborn like that]

[It is still not enough]

He pointed his wooden sword toward Isagi, and thusly said.

[I will return from this world.

My place is not here. There's someone who is waiting for me over there]

[..... Is that so. That's right]

For renzou, these days surely felt really long.

He is in another world, leaving behind his step sister who is in a different age than him.

It's not like he just felt worried about her.

Surely there's also other urgent problems, like living expenses and such.

Isagi felt like he can feel one fragment of his solid determination.

[I have no time to sit idly at this place alright, Isa.

If there's something insufficient about me then tell me. I'll become stronger]

Even Isagi didn't know, if there's someone who is waiting for him or not.

However, he understands Renzou's feeling.

[I'll do all the things that I am able to do too. Renzou]

[Aah. If you show restraint I'll kill you alright, bastard]

Renzou looked over Isagi's side, his mouth warped.

Though it's only a little bit, but Isagi felt that he was smiling.

It still has the immaturity feelings of the boy.

However, that holds the thing that the boy has to protect, it was a manly smile.

Ever since that night, Isagi and Renzou's midnight secret practice began.

It's an event of a certain night.

[Renzou's stance is too pointless. It's not a brawl.

The thing called swordsmanship is the sublimed version among the way to kill humans. That's why it's called an swordsmanship]

[..... Dammit!]

The one who's become Renzou's opponent tonight, was Shuu.

The wooden sword attack that goes wildly, he nonchalantly warded it.

[Don't neglect your defense.

Stop with that way to try to defeat your opponent in one blow.

One move to hit your opponent opening. One move to corner your opponent]

[Damn you're noisy!]

[Your sword movement is too upfront.

You have to hide your emotion inside. Your opponent will see through you. You know]

[I understand damn it!]

After exchanging blows for seven times, Renzou threw his wooden sword towards Shuu.

[Uraaaaaaaaaaa!]

[Oops]

Shuu who knocked Renzou's leg who come to hit him with his bare hands.

Truly skillfully, Renzou fell down.

Then his breath became rough. Renzou became the letter 大 at the ground.

[What are you doing, just now]

[..... noisy]

Despite the fact that he is out of breath, he seems to still be able to fight.

Renzou truly is able to take a beating.

While Shuu shouldered his wooden sword, he walked towards Isagi with his usual smile.

[What happened with him?

Isn't he is unusually honest.]

[It seems he has decided to change you know]

[That's good. It's good if we could become friends]

While giving a friendly smile Shuu said so.

Though he already tried to have contact with Renzou, but always got ignored.

[But I feel bad to have you help us.

After all, I can't even become his opponent]

[No, it is I who should say so you know.

To be able to ward off his irregular attacking pattern, it's also become a good lesson for me]

[You're really a good guy to the extent I get sick of it you know. Seriously]

[Isa-kun, you're too overestimating me]

Shuu who laughed looked troubled.

The thing called 'the smile which is alright even if he embraces me', maybe something like this.

No no, let's ward off the evils thoughts.

[As expected for today it's already impossible eh]

Shuu muttered so while looking over the sky that started to turn white.

The eyes after he yawned, there's slightly a tear over it.

[True eh. please accompany us later time okay, Shuu]

[Yep, if it's alright for me then it's my pleasure]

Shuu said something like that with that sun-like smile.

Isagi's heart ended up beating slightly .

Again, the event that happened in a certain night.

[Die dammmiiiiiiiiit !]

A fire came out from the palm of Renzou's hand that he stuck out.

The young man on the opposite of him, while screaming changed the world with a code that he wrote.

[Hiiiiii !]

The scream is the trigger.

The huge barrier stopped Renzou's fire head on.

But even so, that young man still felt limply at that place

[It, it's scary you know, Ashikaga-kun!]

[Aaah ! ?]

[Hiii !]

[What are you try to do by scaring him with your glare]

Thus, at the same time with that mutter, a black magic has been casted.

The water ball that appeared on the top of Renzou's head broke.

Getting flooded with water, in an instant he get soaked in water.

[Wha, what are you doin Isa ! Dammit !]

[Cooling your head you know.

Your code is too monotone.

Even me who is not a forbidden tech user can ward it you know]

[Aaha ! ?]

Without minding that bellow.

[Yoshinobu, go try that thing]

With that Isagi's word, Yoshinobu repeatedly blinked his eyes.

[Th, that ?]

[Yes. what is it, the one you developed last time, uummm the one with the dangerous naming]

[Aah, the deadly sure kill beam right?]

[Yep, that thing]`

[Roger !]

Yoshinobu who gave a salute, started to write the code into the magical world.
He wrote it rapidly in detail. This is his weapon.

[Wha, what is it dammit, this deadly sure kill beam ! ?]

[Renzou, you don't have any time to be stupefied like that. Right ! White magic barrier !]

[! Oh, Ou !]

Even though they took the lesson at the same time, but surely Renzou didn't even understand half of what Yoshinobu draw.

There's too much of a difference between those two.

However, Renzou is able to completely compose the white magic barrier, then he will be able to ward it off.

That is the competition between black magic and white magic.

However.

Yoshinobu's black magic finished faster.

He raise his right hand with a really delightful face, and pointed one of his fingers towards Renzou.

[Deadly beam !]

[O, oh ! It's a guard dammit !]

The beam that came out from his the tip of his finger, got reflected and shined inside yoshinobu's glasses.

The hot beam straightly stretched over towards Renzou's place.

Right before Renzou's eyes the great wall of light appeared.

There's no problem with the size, and it's strength.

However, the fact that he wasn't able to decipher the code is fatal.

Just before the hot beam collided with the barrier, it made a huge curve.

[Wha !?]

Renzou who opened his eyes wide in surprise.

The magic that Yoshinobu shot out, is the basis of the basic of continuous cast tech.

If by chance this black magic detected any plane surface of a barrier over its trajectory, then it'll curve greatly then it'll once again move aiming at the target or so it's being programmed.

That's why the way to ward of this magic is not by deploying two dimension, but three dimension -- For example something like sphere -- barrier.

The hot beam hit directly on Renzou's side.

Renzou who was blown off from that place and collapsed.

[Ooh ~ , ouch ouch] - (TL : Yoshinobu's hand getting burned by his own lazer)

[Wha, what are you nonchalantly saying bastard !]

Renzou immediately got up and shouted.

However, there's not even one injury on his body.

Surely he also quickly realized it, even Renzou made a puzzled expression.

[Ah What happen?]

[fufufu]

Yoshinobu folded his arm , and then snickered.

[My deadly sure kill beam is you know, when you want to invoke it so the code didn't disappear, you even have to regulate its power rightly.

That's why it's firepower is always at the lowest !]

[You made me scared ! Dammit !]

[hii !]

Yoshinobu secluded himself behind Isagi in an instant.

As Isagi asked him while laughing.

[How about it? He is quite an interesting person right, Renzou is]

[Th, thathathathat is true eh]

While Yoshinobu trembled just like a skeleton, he nodded his head.

Even though his ability in black magic is distantly higher, his swordsmanship is also better.

But it seems , that the nature that person holds , is something that can easily be changed.

[Dammit. Once more, Yoshinobu ! Do it once again !]

[eeh ... You know, I'm thinking of going to sleep soon though]

[Aaah ! ?]

[Hiii ! I, I'll do it !

Let me do it !]

And then , the boys who were strived themselves to brush up the code which is more than the one they saw at the practice.

The two black magic battle once again, continued until the dawn broke.

The one who healed renzou's wounded body, has also become the training for Isagi and Rimino's healing tech.

Without even troubling anyone, in a sense, it's was an ideal practice menu.

Renzou : Bowed his head to Isagi to help him with his practice . His thoughtfulness is amazing.

Isagi : Heard Renzou's true feeling, is being frank. Not a homo

Shuu : Good guy of the good guys. The king of a good guys.

Yoshinobu : Scared of Renzou. Quite earnestly scared.

Yuusha Isagi no Maou Hanashi

2-10 The Sixteenth Night.

[Ehehe, I come ~]

That night, the one who suddenly come with a smile was our princess. Her simple mind and foolishness had her name well known among throughout the dark continent (?), it was Dyutyu.

[No, umm, why did you come here?]

[Since everybody seems to be gathered here and looking like they were having fun. So I came to play, desu!]

Isn't there a better reason to say why she is at this place, or so Isagi wondered. At least say that you came here to cheer, or such.

The princess is doing as she pleased today too.

The neetriper Isagi, these days have become the coach for these guys. Maybe she has become impatient in her own way.

[..... What a noisy brat]

Renzou muttered silently.

Recently he learned how to treat Dyutyu. He didn't shout too much at her anymore. To shout at a girl (who looks younger), even Renzou is reluctant to do it.

[Eh, uummm , Dyutyu-san.

I think there are no fun things even if you look at us. You know?]

[It's alright. I am, even when I look like this, is quite profound in swordsmanship you know.]

Shuu had a bitter smile. He meant 『Get out』. However Dyutyu exceedingly took the literal meaning while smiling.

It was a smile that looked like she was happy.

[Well well, isn't it alright even if she comes here right ~ , deyufufufu]

[Oh my~ ! Thank you very much, Yoshinobu-sama]

The sole one who is on her side, is only Yoshinobu.

Dyutyu who politely bowed her head.

By the way, she is wearing a pure white one piece dress too today.

Surely from Yoshinobu's place he will be able to completely be able to peek over her cleavage.

Yoshinobu who had a slovenly lewd face on his face.

Isagi wanted him to decide properly, whether he has a lolicon fetish or big breast fetish.

Perhaps Yoshinobu is just devoted toward his desires.

Even though Isagi thought that the creepy laughter of his has already disappeared recently.

For sure, the man who's the closest to a demon lord is Yoshinobu.

By the way, Dyutyu hasn't become attached toward Shuu, or even Yoshinobu.

In the end, Isagi who's the first person for her is special, or maybe it's something like that.

Isagi didn't quite understand how 'those' kinds of people think.

[Then, I will watch from here. Okay?]

She sat down at the bench, and then waved her hand towards them.

Well, she's just noisy. There's no harm in it.
At most, she just watched them writing code.
It's something that happened a lot during the war.

Let's just leave her alone, or when Isagi decided that.
Dyutyu covered her mouth with her hand, and made a cute yawn.

[Fuaah ~]

She looked like she is really exhausted, and then looked away.
Dyutyu rubbed her eyes just like a little kid, as she muttered.

[.... Uuh , Isa-sama, I have become sleepy

I'll go back to the room ~]

[Why did you come here then ! ?]

She waved her hand while not looking in front of her. Dyutyu with unsteady steps went back to the Demon Lord's castle.

What a truly care-free princess.

It made Isagi want to add a collar to her. (ED: ㄹㅇ)

They made a sigh as they saw her back as she walked away.

[..... Suddenly I feel tired, even though I haven't even done any practice,]

[Haha, well she's not really a bad person though]

[Just leave her alone and quickly start the practice oi]

While Isagi and Shuu were lamenting over it, only Renzou is still in his own pace like always.

At this time, Rimino who has already exhausted her magical power at noon is sleeping like log.

Lolishia who's just 10 years old is doing the same.

Though Ira is awake up at this time, but she stands guard in turns. Also she seems to has some other things to do.

Since Shirbenia never comes out from her room --- the spire at the top floor of the demon lord's castle --- except at the time of the lesson, Isagi didn't quite understand why.

Because of that, the only ones in the midnight courtyard are the four young boys.

In the middle of the training, Isagi understood one thing.
That's, the way Renzou used his magical power.

He wasn't able to grow with swordsmanship and magical formation.
Isagi was able confirm the reason for that.

That's 『Fighting spirit』.

Renzou had a particular way to use his magical power.

At the moment, he is already naturally able to use fighting spirit which is supposedly isn't able to do unless being taught.

That's why, Renzou is tough to the extent that the other two cannot be compared with.

That's again, surely that's Renzou's talent.

If he is being compared with Shuu or Yoshinobu, maybe it looks like his growth is slow .

but that's it, because right now he already learned how to use fighting spirit which is suppose to be learned in the future,

Since he already poured the great amount of magical power into that fighting spirit.

It's not something that everybody is able to do.

If it's swordsmanship it's Shuu. If it's using magical formation then its'

Yoshinobu, then Renzuo is the one who excels at the fighting spirit.
Those three, everyone has their own merits and demerits.
From Isagi eyes, there are no great differences between them.

At this rate, there's no need worry about Renzou anymore.
However, Isagi cannot say that from his mouth.

Just one word, [no worry] he said.
Surely the time for practice like this, is by no means becoming something
useless.

After moving their body for a while, they entered a break.
Each of them gnawed over the dark continent's fruits which was already
prepared by Rimino in the evening.
Though it's appearance looks like an apple, but it's sourness is strong just like a
tomato.
It is said that it had a bit of an effect to restore magical power.
Though for demon lord candidates it is just an insignificant amount. However
they were happy with her consideration.
The sourness spreaded over their tired body.

[It really helped eh~]

Or, just after Isagi muttered so.
Yoshinobu moved towards him with his eyeglasses glitter.

[Senpai lately hasn't been able to get together with Rimino right. It must be sad]

This guy always searched for a topic to make fun of Isagi.
What a vulgar fellow.
Perhaps actually Isagi always thought『It's better if he can quickly became bored
with it』all this time.

Isagi softly denied him.

[It's not actually something like that I say.

Also, it seems that kid also has a target that she wants to reach after all]

[It's lonely eh for your little sister to graduate, Onii-chan]

[Shuu too, don't make fun of me please.]

Isagi scowled at him.

Recently there's a lot of cases where Shuu joined to mock him like this.

This is perhaps, his way to shorten his distance with Yoshinobu.

Actually, it seems that finally both of them are able to have a conversation about what happened in their world.

Renzou casted his eyes down, while still chewing on his fruit.

[So I've taking your time with your sister eh. Sorry about that, Isa]

[Renzou is heavy after all. Rimino is not something like that okay]

He considered someone called as "little sister" as something that's really important.

In what kind of world is there an elf little sister that is trying to make a baby.

Is this a galge, or so Isagi thought.

[Rather than that, what about you, Yoshinobu. How's the progress after that?

I never see your figure talking with her you know]

As Isagi suddenly changed the topic, Yoshinobu's eyes swam around funnily.

[O, of course de gozaru. This one has already entangled with Lolishia-chan from the deeps of the deepest of our souls] - (TL : he speak with wagahai also use degozaru)

[So nothing has been progressed eh. Even though I risked my life to that extent]

[..... Sry]

Yoshinobu who hanged his head powerlessly.

It seems that the dark of his heart, wasn't able to disappear even after he came to a different world or even after being able to use black magic.

[By, by the way ! Is possibly that Shuu-san has an eye for someone?]

[Eeh , me ? That's right umm]

While Shuu smiled, for some reason he looked over towards Isagi.

Seriously? or so Isagi thought.

No way, isn't this is mutual love, Isagi thought something like that.

[..... Please stop it, shuu]

[Eh, stop what?]

Shuu asked plainly.

Does he have no self-awareness

or is it just Isagi misunderstanding.

Shuu, the emergence of the theory of his natural airheadedness.

Thus, today, Isagi tried to drag Renzou in who is usually all silent in this kind conversation.

[Then, what about renzou?] - Isagi

[Aah? I don't have time messing around doing something like that.

I don't have time to play around in this world after all] - Renzou

[Uaah, so straight-laced] - Isagi

[Renzou-senpai, totally is the real thing] - Yoshinobu

Yoshinobu made a salute.

The man who gets admired by another man, perhaps renzou is the perfect example of it.

He is so stoic.

Over there followed by Yoshinobu's sleazy smile.

[Then then, Renzou-senpai, who are the ones who make you hard then]
[Pffft]

Isagi who spontaneously sprouted.

This guy, doesn't he use his bravery in a wrong place, or so he thought.
He'll beat you you know, or when he is being fearful over what will be happen.
Renzou absentmindedly looked toward the sky, one word.

[..... Ira, maybe]
[Pffft]

Again Isagi sprouted.
So you answer, at that.

[I understand that ! It was all jiggling right !]
[I always get beaten up after all
At least I want to give it to her just once]
[Let's work hard for that one day okay, Renzou-senpai !]

Yoshinobu laughed “hihihi” towards Renzou.
It is completely the midnight tension.
Just like that Yoshinobu shifted his gaze.

[The~n the~n, how about shuu-san? Who makes you hard?]
[Eeh *for me*]
[I don't want to hear Shuu preference ! ?] (TL: isagi goes dere)

Unintentionally Isagi retorted.
and so Yoshinobu changed his target.
What an unpleasant smile.

[Then , senpai ? who for you ?]
[I , I don't have any obligation to tell it to you damn it]
[Aah, but, after all senpai already has specific people for him]

[Hah, haah ?]

[Senpai always flirting with Rimino and princess Dyutyu after all]

[Haah ! ?]

[To think that the first one who built his harem is senpai. Senpai is totally awesome]

[Just shut up ! ?]

His face became bright red as he shouted.

What a vulgar person.

I've never had such a story for whole three years you know, Isagi thought.

Shuu laughed amusingly.

[You're awesome, Isa-kun. Aren't you the most suitable person for the other world. Right?]

Surely he didn't intend pour the cold water on Isagi.

[Even though you didn't do that sealing tech you know]

With that one word from Renzou, the mood in that place rapidly grew cold.

That's right.

at this place, Isagi is the only one who doesn't possess any 『power』
..... or that is what they thought.

What did they think about it, he never asked them.

Surely they didn't think of it as something pleasant, or so Isagi guessed.

Suddenly, there's a thought that crossed his brain.

These three person, are different from Dyutyu and the others.

Is it alright for him to tell it to them.

No, rather than that, maybe he should have to tell them about it.

The fact that Isagi is the brave of this world.
in the end, he will have to go to adventure leaving this castle.
that he can't be together with them

[.... umm guys]

It's at the time Isagi started to talk.
He got his neck entangled with Renzou's hand.

[Stu~pid, don't sweat such thing]
[Eh?]
[It doesn't matter. you is also our friend]

Those eyes looked gentle.
Same as him, shuu too.

[There's different suitabilities for each person right.
or rather than that, thanks to Isa-kun we're able to have super power up.
If Isa-kun is not here, I think that we wouldn't become this friendly with each other you know]
[Shuu....]

Not to fall behind, Yoshinobu too.

[Tha, that's true, senpai!
I am, totally didn't want to stay in this world after all .. !
If senpai didn't get summoned here, I'll seriously broken

Different from the usual Yoshinobu attitude who is always messing around.
From his word, a familiarity emotion can be felt.

Spontaneously, Isagi replied while make fun of him.

[.... In exchange of that, it's ended up with me taking part with your lolicon fetish

right]

[That is that, this is this, right !]

At the same time with Yoshinobu shouts, laughter broke out.

Renzou, Shuu, Isagi, also Yoshinobu who came a little bit late.

Everyone, just like an old friend who has always been together since they're small.

That it's just like something that comes naturally.

Or maybe, a thing that has already been decided from long ago.

[We will absolutely come back home]

Renzou held out his hand.

Shuu add his hand on the top of it.

[We will achieve our objective right]

Timidly, yoshinobu.

[So that lolishia-chan can live in peace.

Let's make a such kind of world]

Everyone gathered their gaze at one spot.

The last one while giving a big nod, Isagi added his hand.

[Aah]

I'll surely find Plea, so he thought.

While hiding an unexpressed determination inside his heart.

The demon lord candidates training days, passed just like that.

Illuminated by the moon, it was the midnight story of the boys.

Episode : 2 It was a happy day without them realizing it End

Yuusha Isagi no Maou Hanashi

2-EX Character

■Asaura Isagi

The main character of this novel

Right now, he is not even a Demon Lord candidate. He is just jobless, but occasionally is a carpenter.

Even though he stands at the peak of being the most charismatic person between the boys, he's a chuunibyou His left eye behind the eyepatch sometimes throbb. He is the possessor of spectre eyes.

Being pushed down by a 10 year old girl and finally after getting his trousers striped, his thing was grabbed by a little sister maid elf princess.

However, he himself claims that it was not cheating.

Since he lived his life in nothing but doing nothing but battling in his youth Remembering the carefree feeling and the fun of messing around between men, he cannot feel other than touched.

■Hiyama Shuu

Demon Lord candidate . Excels in swordsmanship.

He seems to be Isagi preferences. How Shuu thinks about that is still a mystery.

The incarnation of communication power, always opening his heart to Yoshinobu - and also Renzou.

Has a kind personality that makes him liked by everyone.

■ Onodera Yoshinobu

Demon Lord candidate . Excels in using magical ritual.

Though he feels down for a long time, in the end his demon lord nature started to wake up.

For the sake of living for only fulfilling his own desire, he will adapt to this world.

He made a carefully arranged plan so that a little girl will fall to his hand.

His greatest joy is being abused by a beautiful little girl

■ Ashikaga Renzou

Demon Lord candidate. Continues to make a great effort.

The reason that he wants to go back to his old world, is for his stepsister's sake.

The result of him ignoring his pride and consulting Isagi, he become one of the Isagi group.

His personality is stoic. A man that admired by another male.

His "that" is Ira. Though what is "that" is unknown.

■ Dyutyu

The heroine of this novel. Number 2.

She didn't entangled with the story too much.

Her activity is expected to come out in vol 3 and upwards.

A really healthy 19 year old girl, who already sleeps at 10.

■ Shirbenia

Magical Witch .

In volume two, she did a job change to a magical teacher.

Though she doesn't hate Dyutyu, but Shirbenia is in a complicated age.

■ Ira

Since she is irritated, she is irritated Ira-san. (Ira irashiteiru node, ira ira ira-san)
Changed job to angel teacher in volume two.

It can be felt that she is happy that she is one step closer in her plot for revenge from her personality.

Has a relationship as Dyutyu's foster sister.

■ Rimino

The heroine of this story number 3 .

Loves her job, learning magical ritual, remained fourteen (Presumption) Don't know if she is being impatient or what, but it can be seen clearly that she is has an aggressive nature.

Though she has the habit of poking her lips, it's not like she was inviting someone to do something.

Wishes for Isagi's happiness the most.

■ Lolishia

Yoshinobu's heroine.

10 years old maid apprentice.

YES LOLITA • NO TOUCH
